

TO ALL NEW FALL 2009 ADVISEES:

The Student Academic Advising Center staff will present an information session for new students to help you prepare for Winterim/Spring registration.

This meeting is **required** for all new freshmen and new transfer SAAC advisees. Please plan to **come to one of the four sessions** listed below:

WEDNESDAY, September 30th
Room D101 Science Bldg.
4:00 - 4:50 pm
or
5:00 - 5:50 pm
or
6:00 - 6:50 pm
or
THURSDAY, October 1st
Room 210 CPS
8:00 - 8:50 am (morning!)

The process is very different from the way you registered during Orientation. These informational meetings are designed to give you essential information about registering so that we can spend time during your advising appointment talking about important issues, such as what majors you're thinking about and what classes you should take.

At this meeting you will:

- receive your SAAC Academic Records folder with print information about registering.
- **schedule your ½ hour advising appointment with your advisor in October, so print out this email and bring it with you to verify who your advisor is.**

This meeting will take less than an hour once we get started, so plan to arrive at least 5 minutes early so we may begin promptly.

Mark your calendars now. We look forward to seeing you there!
