

## KEEP ENERGY STAR® Appliance Upgrade Program Application

<b>Applicant(s) Name(s)</b>	<b>Contact (phone and email)</b>
<b>School Name and Address</b>	<b>School Electric Utility Provider (if known)</b>
<b>Grade Level(s)</b>	<b>Courses Taught by Applicant(s)</b>

The following questions must be completed. Please limit your response to 500 words or less.

1. Please describe your school’s need for a new ENERGY STAR® appliance. Please include the make, model and cost of the appliance you wish to receive.
2. Please describe your plan to increase student energy literacy. Preference will be given to applications that include the following elements:
  - a. Integration of the appliance and its energy savings into classroom lessons during the academic year (including relevance to FCS curriculum and Academic Standards.)
  - b. Integration of KEEP activities or materials into classroom lessons.
  - c. Student projects or assignments that will raise awareness of the benefits of ENERGY STAR® qualified appliances and saving energy in the students’ homes.
  - d. Strategies to assess the effectiveness of your efforts and how you will report the results to KEEP.

If awarded (please check one):

- I intend to replace an inefficient appliance and agree to have my current appliance properly recycled.
- I intend to purchase an appliance that is not currently in my classroom and, therefore, do not have one to be replace and recycled.

Please sign and date that you agree to the above terms:

<b>First/Last Name(s)</b>	<b>Date</b>

Submit application materials to:

ENERGY STAR® Appliance Upgrade Program  
 Wisconsin K-12 Energy Education Program  
 900 Reserve St. 403 LRC, UW-Stevens Point
