

Take these

AIS PREVENTION STEPS

every time you boat

In order to prevent the arrival of new invasive species and keep the invasives already in Wisconsin from spreading further, it is important for all of us to follow the appropriate preventative steps. This message is the core of AIS prevention!

Inspect and **remove** aquatic plants, animals, and mud from boat, trailer, and equipment before leaving the landing.

Drain all water from boat, motor, live wells, bilge, bait buckets and other containers before leaving the landing.

Ice your catch; don't leave landing with any live fish, bait, or fish eggs.

Dispose of unused bait in trash, not in the water or on land.

Rinse boat and equipment with hot or high pressure water **OR** **Dry** boat for at least five days.
