

CNR  
*Fall Migration*

*Fundraising Dinner  
to benefit  
UWSP College of Natural Resources  
Endowment Fund*

*Saturday, October 8, 2005  
UWSP University Center Laird Room  
University of Wisconsin-Stevens Point*

# *Thank you*

*for participating in this celebration of who we are and what we do. UWSP College of Natural Resources is the nation's largest and premier undergraduate program in natural resources. Our faculty and staff provide knowledge and practical, hands-on training for the resource managers and leaders of tomorrow. Our alumni -- some 9,000 strong -- live and work throughout Wisconsin and the world to maintain a secure and healthy natural resource base*

*This event raises funds for the CNR Endowment Fund in the UWSP Foundation, a permanent pool of money that generates interest to support areas of greatest need within the College. Last year the Fund supported a broad spectrum of needs that impacted a large cross section of our student body, including student attendance at professional conferences, events like the CNR Student Research Symposium and CNR Rendezvous awards banquet, and needed equipment for CNR labs and field stations. With declining support from state tax dollars, this Fund is crucial if we are to maintain our reputation as the "best".*
