

Fundraising Dinner
to Benefit

UWSP College of Natural Resources
Endowment Fund

Saturday, November 8, 2008

Laird Room

Dreyfus University Center

University of Wisconsin-Stevens Point

Thank you

for participating in this celebration of who we are and what we do. UWSP College of Natural Resources is the nation's largest and premier undergraduate program in natural resources. Our faculty and staff provide knowledge and practical, hands-on training for the resource managers and leaders of tomorrow. Our alumni -- nearly 10,000 strong -- live and work throughout Wisconsin, the U.S., and the world to maintain a secure and healthy natural resource base.

This event benefits the CNR Endowment Fund in the UWSP Foundation. The interest earned by the Endowment serves a broad spectrum of needs in the College of Natural Resources which traditional state funding doesn't encompass. The CNR Endowment Fund subsidizes those areas that contribute to the very core of the College's curriculum and purpose such as: obtaining vital equipment for our labs and field stations; sending students to professional conferences; promoting international cooperative efforts; providing continuing education to faculty/staff; aiding student organizations; assisting programs such as the Wisconsin Conservation Hall of Fame and BOW (Becoming an Outdoors-Woman); recruiting top quality faculty/staff/students; offering support for collaborative initiatives that benefit the campus and community; and presenting events like the CNR Student Research Symposium, CNR Photo & Art Contest, and CNR Rendezvous Awards Banquet. Especially considering the current economic downturn and declining support from state tax dollars, this Fund plays a crucial role in maintaining our reputation as the "best".

RETURN TO SUMMER CAMP

Tonight we celebrate the 40-

year legacy of the College's renowned "Summer Camp" hands-

on field training program. Whether it took place at Peninsula

State Park, Devil's Lake State Park, Blackwell/Laona, Pigeon

Lake, Wyalusing State Park, Camp Susan, Clam Lake, Central

Wisconsin Environmental Station (CWES) or Treehaven -- the

lessons became livelihoods, and the memories became legends.

Let the stories be told . . .

Special movie presentation created by Cathy Scheder (BS '91; MS '08), with support from Sharon Reichert, Milo Harpstead, the UWSP Archives Staff, and numerous alumni who contributed photos and memories.

Saturday, November 8, 2008
Laird Room, Dreyfus University Center

5:00 p.m. Social
