Major duties:

Under the general supervision of the Maintenance Building and Grounds Superintendent of Facility Services, the incumbent will perform journeyman level electrical work in a wide variety of interior and exterior buildings, fixtures and structures; may direct the work of other classified staff or vendors in the area and perform related work as required. The electrician will assemble, install, test, and maintain electrical or electronic wiring, equipment, appliances, apparatuses, and fixtures. The electrician shall be capable of diagnosing malfunctioning systems, apparatus, and components locating the cause of the breakdown and have the ability to correct the presented problem. This position is also responsible for the inspection of electrical systems, equipment, and components to identify potential hazards and/or defects, the need for adjustment or repair, and to ensure compliance with code, as well as, the ability to advise management on whether continued operation of equipment could be hazardous. This position will also test electrical systems and continuity of circuits in electrical wiring, equipment and fixtures to ensure compatibility and safety of system, as well as, troubleshoot variable frequency drives and understand the basic operations of PLCs.

The University of Wisconsin-Stevens Point is an Affirmative Action/Equal Opportunity/Veterans/Disability Employer. Women, minorities, veterans, and individuals with disabilities are encouraged to apply.

The University will not reveal the identities of applicants who request confidentiality in writing, except that the identities of “final candidates” must be revealed upon request. According to the Attorney General, “final candidates” under Wisconsin law means the five candidates who are considered most qualified for the position. See Wis. Stat. Sec. 19.36(7)(a).

Employment will require a criminal background check.
