

- Applications available beginning December 20, 3 p.m.
- **CONTRACTS ARE FOR THE FULL ACADEMIC YEAR.** Individuals graduating in December 2012 or participating in semester abroad program in spring 2012 will be allowed to “opt out” at the end of the fall semester.
- ALL applicants (including individuals that are requested roommates) must have graduated from high school in or before 2010.
- All applicants must pay a \$125 prepayment. The on-line payment option is available beginning January 23; payments may be made by check prior to this date.

During priority times, only one of the applicants needs to “qualify.” E.g., During “other hall—groups of 4”, only one of the individuals must be a spring 2012 resident. Other applicants may be from off-campus or be new to the university. A contract for each resident must be presented (or be on file in Residential Living) at time of sign-up.

During the groups for 2s and 3s/1s, Residential Living reserves the right to limit the number of suites which can be claimed by these groups (e.g., a group of 2 takes a suite; a different group of 2 may need to go into that suite vs. half-fill a different suite).

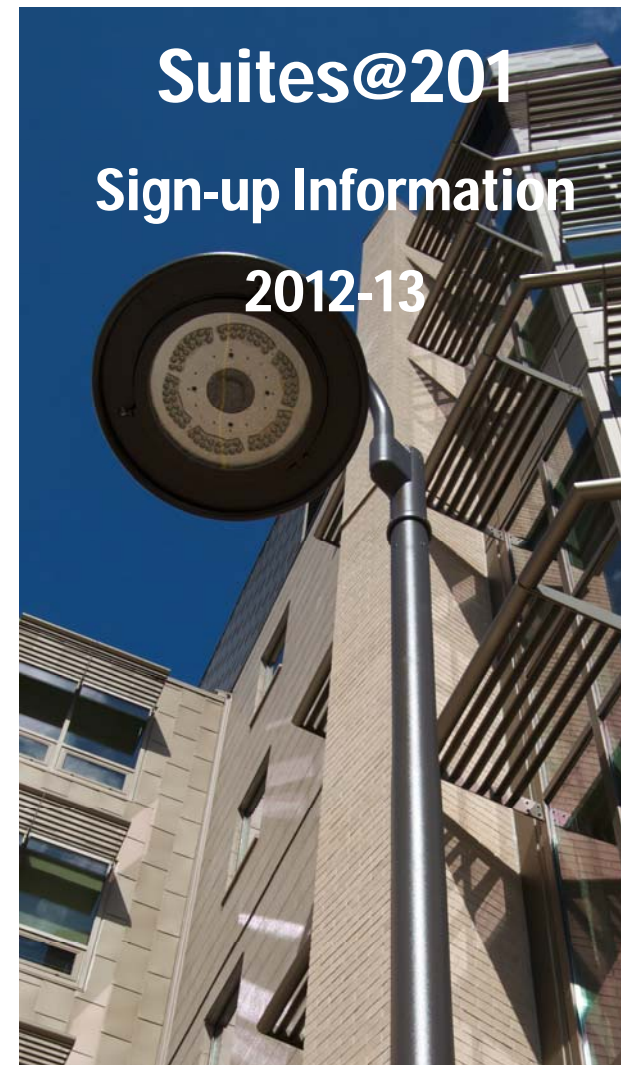

Once a priority group’s application timeslot has occurred, they may continue to sign up, but they lose any additional priority.

Residential Living’s smoking status policies (not assigning smokers with nonsmokers) continue to be observed. However, individuals may elect to override that policy by signing a waiver stating that they are comfortable living with (a) smoker(s) in the suite.

All suites are single-gendered.
