Speaker

We are hosting Dan Barker on Thursday April 26th at 7:00 PM in CPS 116. We have decided to apply for four hundred dollars in emergency funding, which can be spent according to Mr. Barker's discretion. A majority of paperwork can be avoided via this method. The next financial budget meeting is this Sunday. The process typically takes two days maximum, so that date should provide sufficient time. But regardless, we currently have two hundred and fifty dollars in the account. The flyer has been sent electronically to executive members for any possible alterations and shall eventually be printed. We have decided on twenty dollars to produce these. We have decided that, if it is at all possible, we will pick him up at his hotel and take him out to dinner to avoid any possible parking issues. The subject matter will be a brief life autobiography, a discussion of the separation of church and state, and then that of current events with his foundation, Freedom From Religion Foundation.

General Matters

We must eventually double check the constitution. The deadline is early in September, so we must address the matter this year. We want to begin advertising. A few possible ideas include: t-shirts, speakers, permanent posters, and more frequent meetings at an established date and place.
