How do you complete your Handshake profile?

## Fill out your Handshake profile. Get the job.

**Fill out your profile as well as your interests today.**

**An Appropriate Photo |**

Profiles are 7x more likely to be viewed when there is a photo, as opposed to leaving it blank. Make sure that you are alone — and not just cropped out of a group — and dressed professionally.

**Work Experience |**

Maximize your work experience. Include all work experience, and think about how to frame any transferrable skills if you haven't had a lot of "professional" experience yet.

**Organizations |**

Demonstrate engagement. The organizations/extracurricular section is the chance to show that you're not only a student and an employee, but that you are a multi-faceted and engaged member of the community.

**Job Type |**

Looking for an internship, part-time job, or full-time job? You can choose more than one.

**Location |**

Select the cities you would like to work in, and Handshake will show you jobs in that area.

**Job Role |**

Choose at least three jobs you would like to explore, like marketing associate or software engineer.

**DID YOU KNOW?**

80% of students who share their interests receive a message from a recruiter on Handshake.

**Transfer to your computer and upload your resume.**

Upload resume / documents. Handshake Tip: You can build your profile from your resume. Handshake will fill in various sections of your Handshake Profile based on your resume. You just need to approve what it selects.

**Make it easier for recruiters to find you by making sure your profile is public and complete.**

Employers conduct 25,000+ student searches per month on Handshake. Show up in their next search!

**Make sure your profile is public**

**Your profile is visible to employers, students and alumni across all Handshake universities.**

You'll be able to message students and alumni who have similar interests or experiences.

This can be changed anytime in [settings](#).
