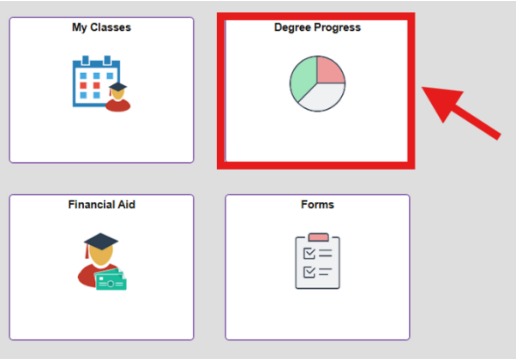
How to Read Your Degree Progress Report (DPR)

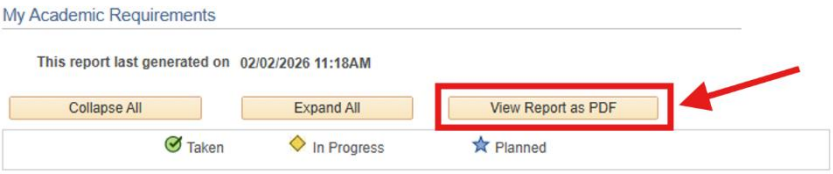
This document will assist you in learning how to read important portions of your Degree Progress Report, also known as your DPR. You can find your DPR in accesSPoint.

Opening your DPR

Once you are logged in to the accesSPoint home page, select the "Degree Progress" tile.



Open your DPR as a PDF for easier viewing:



Sections of the DPR

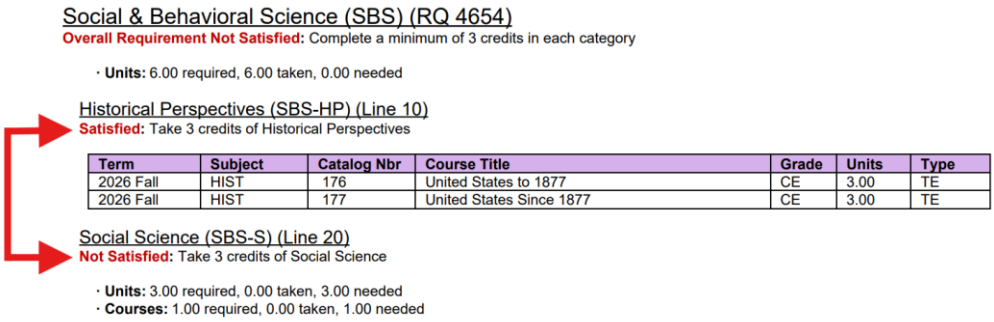
There are four main sections to your DPR:

1. General University Requirements
2. CORE General Education Requirements (CGER) requirements
3. Major Requirements (minor and certificate requirements are also listed if declared)
4. Course History

Note: Pre-Professional declarations are also listed, however there are no university requirements to complete them. Talk with your adviser about what is required to be able to apply to your professional program.

In all the sections of the DPR, you will see each requirement as either "Not Satisfied" or "Satisfied". The DPR assumes you will pass your in-progress courses and considers the requirements they meet

as “Satisfied”. If you do not pass an in-progress course, the requirement it meets will return to showing as “Not Satisfied”.



Social & Behavioral Science (SBS) (RQ 4654)
Overall Requirement Not Satisfied: Complete a minimum of 3 credits in each category

· **Units:** 6.00 required, 6.00 taken, 0.00 needed

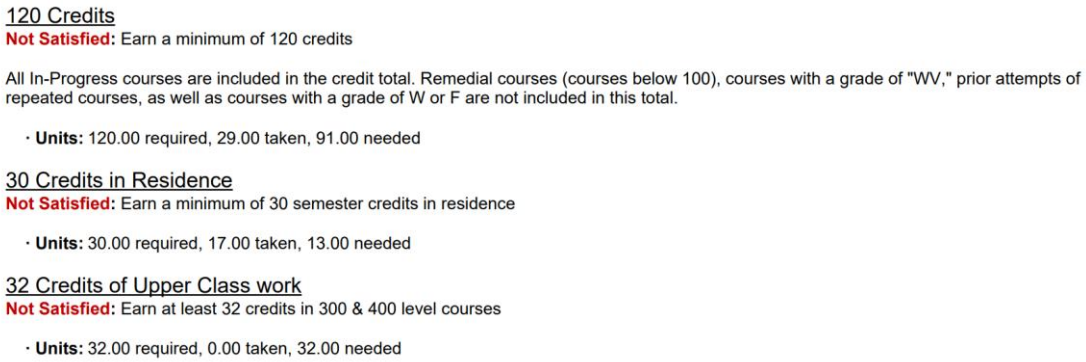
Next you can view the credits, also known as units, you have completed for each of the university requirements. All students, regardless of their major, will need to complete a total of 120 credits. Thirty-two of those credits need to be at the 300- or 400- level. A minimum of 30 of those credits must be completed at UW-Stevens Point, if transferring in any credit.



120 Credits
Not Satisfied: Earn a minimum of 120 credits

All In-Progress courses are included in the credit total. Remedial courses (courses below 100), courses with a grade of "WV," prior attempts of repeated courses, as well as courses with a grade of W or F are not included in this total.

· **Units:** 120.00 required, 29.00 taken, 91.00 needed

30 Credits in Residence
Not Satisfied: Earn a minimum of 30 semester credits in residence

· **Units:** 30.00 required, 17.00 taken, 13.00 needed

32 Credits of Upper Class work
Not Satisfied: Earn at least 32 credits in 300 & 400 level courses

You can also view your UWSP GPA in this section, as well as your combined GPA if you transferred in any credits.

UWSP GPA
Satisfied: Earn a minimum 2.00 GPA in credits attempted at UWSP

Do NOT use the credits in this line when determining how many are needed towards the 120-credit total as counts may be different. P grades do not count towards this GPA line. Remedial grades count in this total, but do not count towards the 120-credit requirement.

- **Units:** 46.00 taken
- **GPA:** 2.000 required, 4.000 actual

UWSP & Transfer GPA
Satisfied: Earn a minimum 2.00 GPA overall, including both UWSP and transfer credits

Do NOT use the credits in this line when determining how many are needed towards the 120-credit total as counts may be different. P grades do not count towards this GPA line. Remedial grades count in this total, but do not count towards the 120-credit requirement.

- **Units:** 49.00 taken
- **GPA:** 2.000 required, 3.875 actual

As you will see later in this document, you will also have a major GPA. A major GPA calculates into it only courses required for your major. Most majors at UWSP require a higher than 2.00 major GPA.

Section 2: CORE General Education Requirements (CGER) Requirements

All students, regardless of their major, are required to complete the requirements for the CORE General Education Requirements, also known as CGER. Learn more about the requirements and purpose of CGER on the CORE General Education Program Overview.

Note: If you previously completed an Associate of Arts and Science (AAS) degree, you would see this entire section as completed.

In this section of your DPR, you will see the different requirement categories of the CGER:

Communication & Literacy

There are 3 courses and 9 credits to complete in this category:

- ENGL 101 or ENGL 150 – 3 credits
- ENGL 202 or Critical Thinking (CL-CT) course – 3 credits
- Critical Thinking (CL-CT) course – 3 credits

Most students complete ENGL 101, ENGL 202, and a Critical Thinking course. However, based on placement some students are required to take ENGL 150 and two Critical Thinking courses, or ENGL 150 and one Critical Thinking course if AP credit or transfer credit is earned for ENGL 101.

Mathematics & Quantitative Reasoning

All students must take at least 3 credits of Mathematics & Quantitative Reasoning (MQR) coursework.

- All MQR courses have a MATH 90 prerequisite so students must test out of MATH 90 or have completed MATH 90.
- Any remedial math courses required (MATH 90, MATH 95) must be taken within the first 30 credits or students will be limited to enrolling into 12 credit maximum.
- Many majors have a specific MQR course built into the major. Ask your adviser if this is the case with your major.

Section 3: Major Requirements (Minor and Certificate Requirements if applicable)

After both the university and GEP requirement sections, you will find your major requirements, along with minor and certificate requirements if declared. All majors list their requirements differently, so if you have any questions as you read through your DPR, contact your Academic Advisor for clarification.

Just like the GEP categories, the goal is to change all the “Unsatisfied” listings to “Satisfied”.

Read how to satisfy each area carefully as wording is critical.

For example, The DPR may state “to take all of the following” or “take the following”. This indicates that all the courses listed must be taken.

Required Courses (Line 20)
Not Satisfied: Take all of the following (Must earn a B+ or better in FN 354)

· **Courses:** 15.00 required, 1.00 taken, 14.00 needed

· **Courses:** 1.00 required, 0.00 taken, 1.00 needed

For the sections that offer options, make sure to talk with your Academic Advisor about what might be the best options for you and your career goals. Some choices may be determined by minors or certificates that are also declared.

There might be sections of your major requirements that list milestones you must reach to graduate from the major. Some examples include passing certain exams or gaining entrance into the major through an application process.

No more than 6 credits of D work (Line 70)
Satisfied: No more than 6 credits of D work are allowed in the Biology Major

There are a variety of requirements a major might list that are not listed above, so if you have any questions about your personal DPR, talk with your Academic Advisor.

You will also find your major GPA listed. This GPA factors in only the courses required for your major and often has a different graduation requirement than the university GPA requirement of a 2.00.

2024 Fall	SPAN	211	Third Semester Spanish		4.00	IP

The following key can help you understand what the abbreviations mean in the "Type" column.

Key to Enrollment Types/Grades
EN = Enrollment Credit; TR = Transfer Credit; IP = In-Progress Credit; TE = Test Credit; CE = Credit by Exam; OT = Other Credit; TO = Test Out; RC = Retroactive Credit; MC = Military Credit; PL = Prior Learning

In-Progress Courses & Repeats
This report assumes all courses In-Progress (IP, I, NR) will be successfully completed.

If the "Grade" column is listing a "W", this means the student withdrew from the course and does not meet any requirements. "W" grades do not impact GPA.

2024 Spr	MATH	95	Intermediate Algebra	W	2.00	EN

Action needs to be taken on your part if you have any courses listed with an "I" or a "NR":

An "I" stands for "Incomplete" and means that you still need to complete coursework to receive a grade for this course. If the incomplete coursework is not completed by the end of the semester after the "I" is assigned, the grade will turn into an "F".

2024 Spr	PSYC	110	Introduction to Psychology	I	3.00	IP

An "NR" stands for "Not Reported" and means you most likely need to submit an official transcript for grades that were in-progress at the time of reporting. If a student applies to graduate, any courses listed with an "NR" grade will not meet the requirement it is listed as meeting on the DPR.

If you still have questions on what requirements you need to complete to graduate, set up a meeting with your Academic Adviser.
