NORTHCENTRAL TECHNICAL COLLEGE (NTC)**

NTC DEGREE PROGRAM

WOOD PROCESSES ASSOCIATE OF APPLIED SCIENCE

UWSP BACCALUAREATE PROGRAMS

BACHELOR OF SCIENCE DEGREE FORESTRY MAJOR WITH A FOREST ADMINISTRATION AND UTILIZATION EMPHASIS

RATIONALE:

The Northcentral Technical College Associate Degree in Wood Processes prepares students for entry-level jobs in a variety of forest products career areas. Students in the NTC program gain technical expertise in the areas of wood products, production methods and marketing. The bachelor’s degree in the Forest Administration and Utilization major meets Society of American Foresters certification requirements and prepares students for more employment options and enhance their ability to move into management positions. Students transferring from NTC to UWSP will combine their strong technical training with additional natural resource coursework providing added employment opportunities in local, state, federal and private sector agencies.

If a student completes the Wood Processes AAS program at NTC, they will transfer 34 credits to UWSP, including 18 General Degree Requirements plus Forestry 370, 428, 429 and 4 credits of Forestry electives. If they do not complete their entire program at NTC their credits will be reviewed on an individual basis and may not transfer. If the student changes into a UWSP major other than Forest Administration and Utilization or transfers to a different UW institution, the credits are not transferable unless a similar agreement exists. Students must complete an additional 103 credits plus attend the CNR summer field experience (7 credits) to earn a BS in Forest Administration and Utilization.

This agreement allows for the transfer for up to 34 academic credits from Northcentral Technical College to UW-Stevens Point.

GUIDELINE DEFINITION:

To be eligible to transfer the courses and credits specified in this agreement, students must have successfully completed the Wood Processes AAS degree through Northcentral Technical College and be enrolled at UW-Stevens Point for a Bachelor of Science in Forestry with an emphasis in Forest Administration and Utilization. If the student changes majors or programs or transfers to a different UWS institution, the credits are not transferable unless a similar agreement exists.

EFFECTIVE DATE:

This agreement will allow for the transfer of courses taken during or after the spring semester of 2012.
