Communication Major
Transfer Plan from UW Colleges to UW-Stevens Point

If you plan to spend ONE semester at any of the UW Colleges before transferring, you should try to complete the following courses during that semester:

- ENG 101 – College Writing and Critical Reading (ENGL 101)
  Students whose writing skills need some polish prior to enrolling in a 4-year institution should take ENG 097 or 098. Either of these courses should help prepare you to take the Written Communication sequence (ENGL 101 and ENGL 202) at UW-Stevens Point.
- CTA 103 – Introduction to Public Speaking (COMM 101)

If you plan to spend TWO semesters at any of the UW Colleges before transferring, you should complete the two courses listed above, plus the following courses:

- MAT 091 – Elementary Algebra (MATH 90) – if math placement score indicates developmental math is necessary.
  COMM 201 – Introduction to Communication Research is required for all Communication majors. It has a prerequisite of MATH 90 or an appropriate math placement test score.
- CTA 101 – Interpersonal Communication (COMM 280) or
- CTA 201 – Introduction to Mass Communication (COMM 190) or
- CTA 203 – News & Information Writing (COMM 221)
  COMM 280 is required for students in the Interpersonal and Organizational Communication emphasis. COMM 190 is required for students in the Media Studies emphasis. COMM 203 is required for students in the Public Relations emphasis and for students in the Journalism track of the Media Studies emphasis.

Other recommended courses include the following:

- LEC 100 – First Year Seminar
  This course will fulfill our GEP: FYS requirement.
- AIS 101 – American Indian Studies, ART 290/WOM 295 – Women in the Arts, WOM 102 – Women’s Voices, or WOM 201 – Introduction to LGBTQ Studies
  Any of these courses will satisfy our GEP: Interdisciplinary Studies requirement. We do not have many course options for completing this requirement at UW-Stevens Point, so any of these courses would be an excellent selection.

(continued)
If you plan to earn an Associate of Arts & Science degree at any of the UW Colleges before transferring, your GEP requirements will be complete when you start at UW-Stevens Point. If you want to maximize the credits that will count toward your Communication major, you could include some of the following in your AAS coursework:

- CTA 115 – Intro to Business & Professional Communication (COMM 240*)
  COMM 240 is required for students in the Interpersonal and Organizational Communication emphasis. *This equivalency is under review.

  Any of these courses will transfer in as Communication elective courses. Direct equivalents are available for CTA 210 and CTA 218, although those do not show up at this time in TIS.

- CTA 266 – Group Discussion (COMM 345)
  COMM 345 is required for students in the Interpersonal and Organizational Communication emphasis
