

# Calumet County

#### On the shores of Lake Winnebago

- 166,000 acres in size
- Accounts for 17% of the state's surface water
- The lake is a treasure for the region, literally

# Economic impact of Anglers on the Lake Winnebago System

 In 2006, UWEX sent a survey to 2,000 licensed anglers, 1,200 were completed.

The results came back that this system contributes 4,300 jobs and
 \$234,000,000.00 to the five surrounding counties of Calumet, Outagamie,
 Winnebago, Waushara, and Fond du Lac.

## Communication Strategy

How do I reach my target audience?

Speak to Fishing Clubs

The 2006 UWEX Survey of Anglers determined that the percentage of typical anglers who are members of a fishing organization is:

# <u>14 % !</u>

If I address the fishing clubs, I will miss

86%

of my angling audience, not to mention boaters, jet skiers, and others who recreate on Lake Winnebago

## How to begin

- Hunter and ATV Safety Classes
- Sportsmen's Groups
- Children's fishing and sporting events
  - Lil' Anglers
  - Fleet Farm

#### Local Newspapers

Editors are always looking for articles.

Weekly papers are read cover to cover.

Local outdoors writers have a following

## Regional Daily Papers

- Reach a wider audience
- A single front page story can do a lot
- They also appear online
- Are often picked up by other online news organizations

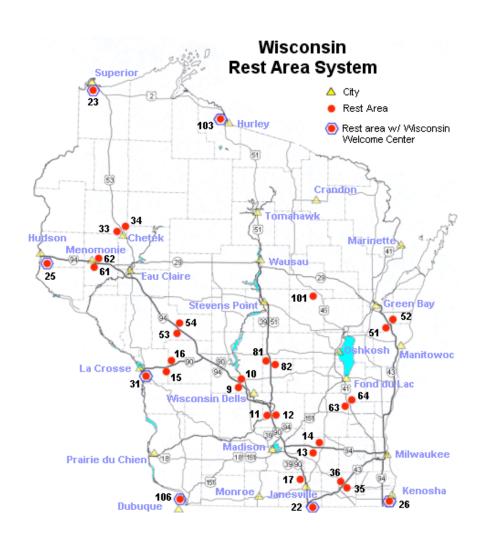

# Push your luck!

- A paper distributed statewide can be really nice, too.
- Especially when they same piece is rewritten and used as a syndicated article that appears in 55 little weekly papers statewide!
