Conservation Planning for Your Lake: Midwest Glacial Lakes Conservation Planner Tool

Joe Nohner, Kevin Wehrly, James Breck, Lyn Berquist, Arthur Cooper, Tim Cross, Zachary Feiner, Gretchen Hansen, Catherine Hein, Peter Jacobson, Heidi Rantala, Andrew Rypel, David Staples
Midwest Glacial Lakes Partnership

• Formed in 2009
• Mission: Work together to protect, rehabilitate, and enhance sustainable fish habitats in glacial lakes of the Midwest for the use and enjoyment of current and future generations.

Joe Nohner, MGLP Coordinator
What do we do?

- **Conduct scientific assessments** to determine the condition of and threats to fish habitats
- Enable partners to complete **on-the-ground habitat conservation** projects
- Conduct **education and outreach** to improve understanding and spark action resulting in fish habitat conservation
- Provide a forum for those seeking inland lake fish habitat conservation to **share strategies and resources**
Assessment need

• Types and location of waters
• Condition and resiliency
• Prioritize actions and funding
Framework
Assessing shoreland disturbance

• Agriculture + urban development in the 100m buffer
Assessing watershed disturbance

• Agriculture + urban development in the lake catchment
Assessing climate resilience
