This new course meets **Monday evenings from 5-5:50 p.m. in SCI D102.** It provides an opportunity to interact with and listen to experts, alumni and faculty presenting the amazing opportunities available for careers and education for students majoring in, or thinking of majoring in Chemistry, Geography/Geology, Mathematics, Physics and Astronomy, or Computing and New Media Technologies.

### Featured Topics

**February 1:** Introduction/Interdisciplinary Science Careers  
**February 8:** Mathematics & Actuarial Science  
**February 15:** Physical & Human Geography  
**February 22:** Geoscience & Earth Sciences  
**February 29:** Physics, Materials & Nanoscience  
**March 7:** Physics/Meteorology  
**March 14:** Geospatial Sciences & GIS  
**March 28:** Teaching the Physical Sciences & Math  
**April 4:** Water Sciences & Hydrology  
**April 11:** Computer Information Sciences  
**April 18:** Chemistry, Materials, Nanoscience  
**April 25:** Environmental Chemistry  
**May 2:** Environmental Sciences  
**May 9:** Wrap-Up

### Lead Instructor

Dean **Chris Cirmo** of the College of Letters and Science has a background in biology, chemistry, environmental science, environmental engineering and hydrology, and is a truly “interdisciplinary” scientist and engineer with extensive experience. **Contact Dean Cirmo at ccirmo@uwsp.edu.**
