Policy Options for Excessive Drinking

October 20, 2016
Kalahari Resort & Conference Center
1305 Kalahari Dr
Wisconsin Dells, Wisconsin

A one-day event focused on evidence-based policies, practices and their enforcement to prevent & reduce excessive or illegal alcohol consumption.

General Session Speakers

Opening General Session:  R.A.V.E. and P.O.L.D.:  Minnesota Changes the Conversation
Chief Shane Mikkelson of Osseo, Minnesota and Brian Kringen of the Minnesota Department of Public Safety

Retail Alcohol Vendor Enforcement (R.A.V.E.) and its Place of Last Drink (P.O.L.D.) initiative identify patterns of alcohol sales and serving to support retailer education and enforcement. R.A.V.E. provides education, support, and if needed, holds retailers accountable selling to underage customers or overserving. This award-winning initiative has been recognized nationally as an innovative policy because of the development of an online data collection system that shares information between participating departments.

This panel is possible through the generous support of AAA - The Auto Club Group.

Closing General Session:  Bruce Lee Livingston, Executive Director, Alcohol Justice

Bruce Lee Livingston is a nationally recognized expert on environmental prevention of alcohol problems and challenges and alcohol industry marketing practices. Since its founding in 1987, Alcohol Justice (then called the Marin Institute) has trained tens of thousands of individuals at conferences and workshops; published dozens of reports and articles, and has led and supported efforts to control alcohol sales practices throughout the country.
Two general sessions, a sharing lunch, 16 workshop slots with 13 individual sessions, breakfast, lunch, afternoon snack and all materials are included in the $100 registration fee.
