**OUTCOME WHAT IS REMOVED FROM THE SFHA**

- Portion of Property (unshaded)

**DETERMINATION**

**Special Flood Hazard Area (SFHA)** - The SFHA is an area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

**ADDITIONAL CONSIDERATIONS** (Please refer to the appropriate section on Attachment 1 for the additional considerations listed below.)

**LEGAL PROPERTY DESCRIPTION**

- PORTIONS REMAIN IN THE SFHA: ZONE A
- INTERVENING HIGH GROUND - NO FILL: SUPERSEDES PREVIOUS DETERMINATION
- STATE LOCAL CONSIDERATIONS

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the described portion(s) of the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map; therefore, the Federal mandatory flood insurance requirement does not apply. However, the lender has the option to continue the flood insurance requirement to protect its financial risk on the loan. A Preferred Risk Policy (PRP) is available for buildings located outside the SFHA. Information about the PRP and how one can apply is enclosed.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMC Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.

Engineering Management Branch
Federal Insurance and Mitigation Administration
LEGAL PROPERTY DESCRIPTION (CONTINUED)

COMMENCING at the Southwest corner of Section 30, T23N-R24E; thence N1°59'26"W, 1626.34 feet to the POINT OF BEGINNING; thence continuing N1°59'26"W, 170.88 feet; thence N88°49'52"E, 181.22 feet; thence S10°16'54"E, 130.40 feet; thence S38°29'07"W, 53.81 feet; thence S67°18'25"W, 53.11 feet; thence N81°56'05"W, 117.20 feet to the POINT OF BEGINNING.

PORTIONS OF THE PROPERTY REMAIN IN THE SFHA (This Additional Consideration applies to the preceding 1 Property.)

Portions of this property, but not the subject of the Determination/Comment document, may remain in the Special Flood Hazard Area. Therefore, any future construction or substantial improvement on the property remains subject to Federal, State/Commonwealth, and local regulations for floodplain management.

INTERVENING HIGH GROUND - NO FILL PLACED (This Additional Consideration applies to the preceding 1 Property.)

Although the subject of the determination is below the elevation of the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood), it is outside the Special Flood Hazard Area because of intervening high ground. Intervening high ground is natural high ground that exists between a property and/or structure and the flooding source, providing the property and/or structure protection against inundation from the base flood.

ZONE A (This Additional Consideration applies to the preceding 1 Property.)

The National Flood Insurance Program map affecting this property depicts a Special Flood Hazard Area that was determined using the best flood hazard data available to FEMA, but without performing a detailed engineering analysis. The flood elevation used to make this determination is based on approximate methods and has not been formalized through the standard process for establishing base flood elevations published in the Flood Insurance Study. This flood elevation is subject to change.

SUPERSEDES OUR PREVIOUS DETERMINATION (This Additional Consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))

This Determination Document supersedes our previous determination dated 6/1/2016, for the subject property.
LETTER OF MAP AMENDMENT
DETERMINATION DOCUMENT (REMOVAL)
ATTACHMENT 1 (ADDITIONAL CONSIDERATIONS)

STATE AND LOCAL CONSIDERATIONS (This Additional Consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))

Please note that this document does not override or supersede any State or local procedural or substantive provisions which may apply to floodplain management requirements associated with amendments to State or local floodplain zoning ordinances, maps, or State or local procedures adopted under the National Flood Insurance Program.

This attachment provides additional information regarding this request. If you have any questions about this attachment, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMC Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.

Federal Insurance and Mitigation Administration
July 21, 2016

MR. DAVID CHROUSER  
MAU & ASSOCIATES  
400 SECURITY BOULEVARD  
GREEN BAY, WI 54313

DEAR MR. CHROUSER:

This is in reference to a request that the Federal Emergency Management Agency (FEMA) determine if the property described in the enclosed document is located within an identified Special Flood Hazard Area, the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood), on the effective National Flood Insurance Program (NFIP) map. Using the information submitted and the effective NFIP map, our determination is shown on the attached Letter of Map Amendment (LOMA) Determination Document. This determination document provides additional information regarding the effective NFIP map, the legal description of the property and our determination.

Additional documents are enclosed which provide information regarding the subject property and LOMAs. Please see the List of Enclosures below to determine which documents are enclosed. Other attachments specific to this request may be included as referenced in the Determination/Comment document. If you have any questions about this letter or any of the enclosures, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, LOMC Clearinghouse, 847 South Pickett Street, Alexandria, VA 22304-4605.

Sincerely,

Luis Rodriguez, P.E., Chief  
Engineering Management Branch  
Federal Insurance and Mitigation Administration

WARRANTY DEED

This Deed, made between DAVID LISCHKA and VIOLETTA LISCHKA, a/k/a VILETTA LISCHKA, his wife, Grantor, conveys and warrants to ROBERT L. KLEIMAN and DIXIE L. KLEIMAN, husband and wife, as survivorship marital property, Grantees,

Witnesseth, That the said Grantor, for a valuable consideration of One Dollar and other considerations conveys to Grantees the following described real estate in Kewaunee County, State of Wisconsin:

A part of the South Fourteen and One-Half Acres of the Northwest Quarter (NW 1/4) of the Southeast Quarter (SE 1/4) of Section Thirty (30), Township Twenty-three (23) North of Range Twenty-four (24) East, Kewaunee County, Wisconsin, described as follows:

All property lying West and North of the centerline of the branch of the East Twin River running through the Northwest corner thereof.

This is homestead property.

Together with all and singular the hereditaments and appurtenances thereunto belonging; and Grantor warrants that the title is good, indefeasible in fee simple and free and clear of encumbrances except any easements and restrictions of record and will warrant and defend the same.

Dated this 7th day of JULY, 2000.

Department of Homeland Security
Federal Emergency Management Agency

RE: Base Flood Determination for Flood Zone A
Kewaunee County
Tax Parcel No.: 31 020 30.142

To whom it may concern,

We are attempting to determine if the property located at N3026 Church Road, Kewaunee, Wisconsin, 54216 is indeed in the floodplain. Firm Map No. 550212 0100 B dated September 3, 1980 indicates that the majority of the property falls within flood zone A.

However, Kewaunee County now has Lidar Contours of the area and reviewing them with the flood plain limits overlaid, there appears to be some discrepancy (understandably) with the flood plain limits. The attached contour sheet shows that the creek is at an approximate elevation of 690. All the structures on the subject property fall above the 700 contour. From what we are looking at, either the buildings are above the flood plain or an extremely larger area is within the flood plain in this area.

We are asking if you can look over the attached materials and make a reasonable determine what the base flood elevation would be for area. If you would need any cross sections taken or specific elevations shot of the area please let us know and we will supply you with that information.

Thank you for your time for looking into this matter for me.

Sincerely,

David J. Chrouser
PLS-1579
Public reporting burden for this data collection is estimated to average 1.25 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). NOTE: Do not send your completed form to this address.

This form must be completed for requests and must be completed and signed by a registered professional engineer or licensed land surveyor. A DHS - FEMA National Flood Insurance Program (NFIP) Elevation Certificate may be submitted in lieu of this form for single structure requests.

For requests to remove a structure on natural grade OR on engineered fill from the Special Flood Hazard Area (SFHA), submit the lowest adjacent grade (the lowest ground touching the structure), **including an attached deck or garage.** For requests to remove an entire parcel of land from the SFHA, provide the lowest lot elevation; or, if the request involves an area described by metes and bounds, provide the lowest elevation within the metes and bounds description. All measurements are to be rounded to nearest tenth of a foot. In order to process your request, all information on this form must be completed **in its entirety.** Incomplete submissions will result in processing delays.

1. NFIP Community Number: 550212  Property Name or Address: N3026 Church Road, Kewanee, WI 54216

2. Are the elevations listed below based on [ ] existing or [ ] proposed conditions? (Check one)

3. For the existing or proposed structures listed below, what are the types of construction? (check all that apply)
   - [ ] crawl space
   - [ ] slab on grade
   - [x] basement/enclosure
   - [ ] other (explain)

4. Has DHS - FEMA identified this area as subject to land subsidence or uplift? (see instructions) [ ] Yes  [ ] No
   If yes, what is the date of the current re-leveling?  /  (month/year)

5. What is the elevation datum? [ ] NGVD 29  [x] NAVD 88  [ ] Other (explain) If any of the elevations listed below were computed using a datum different than the datum used for the effective Flood Insurance Rate Map (FIRM) (e.g., NGVD 29 or NAVD 88), what was the conversion factor?
   
   Local Elevation +/- ft. = FIRM Datum

6. Please provide the Latitude and Longitude of the most upstream edge of the structure (in decimal degrees to the nearest fifth decimal place):
   Indicate Datum: [ ] WGS84  [x] NAD83  [ ] NAD27  Lat 44.433718  Long. -87.632940
   Please provide the Latitude and Longitude of the most upstream edge of the property (in decimal degrees to the nearest fifth decimal place):
   Indicate Datum: [ ] WGS84  [x] NAD83  [ ] NAD27  Lat 44.433718  Long. -87.632940

Fax No. 920 434-9672

Signature:  
Date: March 30, 2016

* For requests involving a portion of property, include the lowest ground elevation within the metes and bounds description.  
Please note: If the Lowest Adjacent Grade to Structure is the only elevation provided, a determination will be issued for the structure only.
This form may be completed by the property owner, property owner’s agent, licensed land surveyor, or registered professional engineer to support a request for a Letter of Map Amendment (LOMA), Conditional Letter of Map Amendment (CLOMA), Letter of Map Revision Based on Fill (LOMR-F), or Conditional Letter of Map Revision Based on Fill (CLOMR-F) for existing or proposed, single or multiple lots/structures. In order to process your request, all information on this form must be completed in its entirety, unless stated as optional. Incomplete submissions will result in processing delays. Please check the item below that describes your request:

- **LOMA**: A letter from DHS-FEMA stating that an existing structure or parcel of land that has not been elevated by fill (natural grade) would not be inundated by the base flood.
- **CLOMA**: A letter from DHS-FEMA stating that a proposed structure that is not to be elevated by fill (natural grade) would not be inundated by the base flood if built as proposed.
- **LOMR-F**: A letter from DHS-FEMA stating that an existing structure or parcel of land that has been elevated by fill would not be inundated by the base flood.
- **CLOMR-F**: A letter from DHS-FEMA stating that a parcel of land or proposed structure that will be elevated by fill would not be inundated by the base flood if fill is placed on the parcel as proposed or the structure is built as proposed.

Fill is defined as material from any source (including the subject property) placed that raises the ground to or above the Base Flood Elevation (BFE). The common construction practice of removing unsuitable existing material (topsoil) and backfilling with select structural material is not considered the placement of fill if the practice does not alter the existing (natural grade) elevation, which is at or above the BFE. Fill that is placed before the date of the first National Flood Insurance Program (NFIP) map showing the area in a Special Flood Hazard Area (SFHA) is considered natural grade.

Has fill been placed on your property to raise ground that was previously below the BFE?  
- Yes ☐  No ☒  
If yes, when was fill placed?  
month/year

Will fill be placed on your property to raise ground that is below the BFE?  
- Yes* ☐  No ☒  
If yes, when will fill be placed?  
month/year

* If yes, Endangered Species Act (ESA) compliance must be documented to FEMA prior to issuance of the CLOMR-F determination (please refer page 4 to the MT-1 instructions).

1. Street Address of the Property (if request is for multiple structures or units, please attach additional sheet referencing each address and enter street names below):  
N3026 Church Road, Kewaunee WI, 54216

2. Legal description of Property (Lot, Block, Subdivision or abbreviated description from the Deed):  
Part of the South 14.5 Acres of the NW 1/4 of the SE 1/4 Section 30, lying W & E of E. Twin River Parcel 20-00030-0740

3. Are you requesting that a flood zone determination be completed for (check one):

- Structures on the property?  What are the dates of completion?  
- A portion of land within the bounds of the property?  (A certified metes and bounds description and map of the area to be removed, certified by a licensed land surveyor or registered professional engineer, are required. For the preferred format of metes and bounds descriptions, please refer to the MT-1 Form 1 Instructions.)
- The entire legally recorded property?

4. Is this request for (check one):

- Single structure
- Single lot
- Multiple structures (How many structures are involved in your request? List the number: 2)
- Multiple lots (How many lots are involved in your request? List the number: _______)

Fill is defined as material from any source (including the subject property) placed that raises the ground to or above the Base Flood Elevation (BFE). The common construction practice of removing unsuitable existing material (topsoil) and backfilling with select structural material is not considered the placement of fill if the practice does not alter the existing (natural grade) elevation, which is at or above the BFE. Fill that is placed before the date of the first National Flood Insurance Program (NFIP) map showing the area in a Special Flood Hazard Area (SFHA) is considered natural grade.
In addition to this form (MT-1 Form 1), please complete the checklist below. **ALL** requests must include one copy of the following:

- ☒ Copy of the effective FIRM panel on which the structure and/or property location has been accurately plotted (property inadvertently located in the NFIP regulatory floodway will require Section B of MT-1 Form 3)
- ☐ Copy of the Subdivision Plat Map for the property *(with recordation data and stamp of the Recorder's Office)*
- ☒ Copy of the Property Deed *(with recordation data and stamp of the Recorder's Office)*, accompanied by a tax assessor’s map or other certified map showing the surveyed location of the property relative to local streets and watercourses. The map should include at least one street intersection that is shown on the FIRM panel.
- ☒ Form 2 – Elevation Form. If the request is to remove the structure, and an Elevation Certificate has already been completed for this property, it may be submitted in lieu of Form 2. If the request is to remove the entire legally recorded property, or a portion thereof, the lowest lot elevation must be provided on Form 2.
- ☒ Please include a map scale and North arrow on all maps submitted.

For LOMR-Fs and CLOMR-Fs, the following must be submitted in addition to the items listed above:

- ☐ Form 3 – Community Acknowledgment Form

For CLOMR-Fs, the following must be submitted in addition to the items listed above:

- ☐ Documented ESA compliance, which may include a copy of an Incidental Take Permit, an Incidental Take Statement, a “not likely to adversely affect” determination from the National Marine Fisheries Service (NMFS) or the U.S. Fish and Wildlife Service (USFWS), or an official letter from NMFS or USFWS concurring that the project has “No Effect” on proposed or listed species or designated critical habitat. Please refer to the MT-1 instructions for additional information.

**Please do not submit original documents. Please retain a copy of all submitted documents for your records.**

DHS-FEMA encourages the submission of all required data in a digital format (e.g. scanned documents and images on Compact Disc [CD]). Digital submissions help to further DHS-FEMA’s Digital Vision and also may facilitate the processing of your request.

Incomplete submissions will result in processing delays. For additional information regarding this form, including where to obtain the supporting documents listed above, please refer to the MT-1 Form Instructions located at [http://www.fema.gov/plan/prevent/fhm/dl_mt-1.shtm](http://www.fema.gov/plan/prevent/fhm/dl_mt-1.shtm).

---

**Processing Fee** (see instructions for appropriate mailing address; or visit [http://www.fema.gov/fhm/frm_fees.shtm](http://www.fema.gov/fhm/frm_fees.shtm) for the most current fee schedule)

Revised fee schedules are published periodically, but no more than once annually, as noted in the Federal Register. Please note: single/multiple lot(s)/structure(s) LOMAs are fee exempt. The current review and processing fees are listed below:

Check the fee that applies to your request:

- ☐ $325 (single lot/structure LOMR-F following a CLOMR-F)
- ☐ $425 (single lot/structure LOMR-F)
- ☐ $500 (single lot/structure CLOMA or CLOMR-F)
- ☐ $700 (multiple lot/structure LOMR-F following a CLOMR-F, or multiple lot/structure CLOMA)
- ☐ $800 (multiple lot/structure LOMR-F or CLOMR-F)

Please submit the Payment Information Form for remittance of applicable fees. Please make your check or money order payable to: National Flood Insurance Program.

All documents submitted in support of this request are correct to the best of my knowledge. I understand that any false statement may be punishable by fine or imprisonment under Title 18 of the United States Code, Section 1001.

* For requests involving a portion of property, include the lowest ground elevation within the metes and bounds description.  
Please note: If the Lowest Adjacent Grade to Structure is the only elevation provided, a determination will be issued for the structure only.
This form must be completed for requests involving the existing or proposed placement of fill (complete Section A) OR to provide acknowledgment of this request to remove a property from the SFHA which was previously located within the regulatory floodway (complete Section B).

This form must be completed and signed by the official responsible for floodplain management in the community. The six digit NFIP community number and the subject property address must appear in the spaces provided below. Incomplete submissions will result in processing delays. Please refer to the MT-1 instructions for additional information about this form.

### A. REQUESTS INVOLVING THE PLACEMENT OF FILL

As the community official responsible for floodplain management, I hereby acknowledge that we have received and reviewed this Letter of Map Revision Based on Fill (LOMR-F) or Conditional LOMR-F request. Based upon the community’s review, we find the completed or proposed project meets or is designed to meet all of the community floodplain management requirements, including the requirement that no fill be placed in the regulatory floodway, and that all necessary Federal, State, and local permits have been, or in the case of a Conditional LOMR-F, will be obtained. For Conditional LOMR-F requests, the applicant has or will document Endangered Species Act (ESA) compliance to FEMA prior to issuance of the Conditional LOMR-F determination. For LOMR-F requests, I acknowledge that compliance with Sections 9 and 10 of the ESA has been achieved independently of FEMA’s process. Section 9 of the ESA prohibits anyone from “taking” or harming an endangered species. If an action might harm an endangered species, a permit is required from U.S. Fish and Wildlife Service or National Marine Fisheries Service under Section 10 of the ESA. For actions authorized, funded, or being carried out by Federal or State agencies, documentation from the agency showing its compliance with Section 7(a)(2) of the ESA will be submitted. In addition, we have determined that the land and any existing or proposed structures to be removed from the SFHA are or will be reasonably safe from flooding as defined in 44CFR 65.2(c), and that we have available upon request by DHS-FEMA, all analyses and documentation used to make this determination. For LOMR-F requests, we understand that this request is being forwarded to DHS-FEMA for a possible map revision.

### B. PROPERTY LOCATED WITHIN THE REGULATORY FLOODWAY

As the community official responsible for floodplain management, I hereby acknowledge that we have received and reviewed this request for a LOMA. We understand that this request is being forwarded to DHS-FEMA to determine if this property has been inadvertently included in the regulatory floodway. We acknowledge that no fill on this property has been or will be placed within the designated regulatory floodway. We find that the completed or proposed project meets or is designed to meet all of the community floodplain management requirements.

RE: Base Flood Determination for Flood Zone A
Kewaunee County
Tax Parcel No.: 31 020 30.142

To whom it may concern,

We are attempting to determine if the property located at N3026 Church Road, Kewaunee, Wisconsin, 54216 is indeed in the floodplain. Firm Map No. 550212 0100 B dated September 3, 1980 indicates that the majority of the property falls within flood zone A.

However, Kewaunee County now has Lidar Contours of the area and reviewing them with the flood plain limits overlaid, there appears to be some discrepancy (understandably) with the flood plain limits. The attached contour sheet shows that the creek is at an approximate elevation of 690. All the structures on the subject property fall above the 700 contour. From what we are looking at, either the buildings are above the flood plain or an extremely larger area is within the flood plain in this area.

We are asking if you can look over the attached materials and make a reasonable determine what the base flood elevation would be for area. If you would need any cross sections taken or specific elevations shot of the area please let us know and we will supply you with that information.

Thank you for your time for looking into this matter for me.

Sincerely,

David J. Chrouser
PLS-1579
This form may be completed by the property owner, property owner’s agent, licensed land surveyor, or registered professional engineer to support a request for a Letter of Map Amendment (LOMA), Conditional Letter of Map Amendment (CLOMA), Letter of Map Revision Based on Fill (LOMR-F), or Conditional Letter of Map Revision Based on Fill (CLOMR-F) for existing or proposed, single or multiple lots/structures. In order to process your request, all information on this form must be completed **in its entirety**, unless stated as optional. **Incomplete submissions will result in processing delays.** Please check the item below that describes your request:

**Fill** is defined as material from any source (including the subject property) placed that raises the ground to or above the Base Flood Elevation (BFE). The common construction practice of removing unsuitable existing material (topsoil) and backfilling with select structural material is not considered the placement of fill if the practice does not alter the existing (natural grade) elevation, which is at or above the BFE. **Fill that is placed before the date of the first National Flood Insurance Program (NFIP) map showing the area in a Special Flood Hazard Area (SFHA) is considered natural grade.**

Has fill been placed on your property to raise ground that was previously below the BFE?  
- **Yes**  
- **No**  
  If yes, when was fill placed?  
  **month/year**

Will fill be placed on your property to raise ground that is below the BFE?  
- **Yes**  
- **No**  
  If yes, when will fill be placed?  
  **month/year**  
  * If yes, Endangered Species Act (ESA) compliance must be documented to FEMA prior to issuance of the CLOMR-F determination (please refer page 4 to the MT-1 Instructions).*

1. **Street Address of the Property (if request is for multiple structures or units, please attach additional sheet referencing each address and enter street names below):**  
   N3026 Church Road, Kewaunee WI, 54216

2. **Legal description of Property (Lot, Block, Subdivision or abbreviated description from the Deed):**  
   Part of the South 14.5 Acres of the NW 1/4 of the SE 1/4 Section 30, lying W & E of E. Twin River Parcel 20-00030-0740

3. **Are you requesting that a flood zone determination be completed for (check one):**  
   - [ ] Structures on the property?  
   - **[ ]** A portion of land within the bounds of the property?  
     (A certified metes and bounds description and map of the area to be removed, certified by a licensed land surveyor or registered professional engineer, are **required**. For the preferred format of metes and bounds descriptions, please refer to the MT-1 Form 1 Instructions.)  
   - [ ] The entire legally recorded property?

4. **Is this request for a (check one):**  
   - [ ] Single structure  
   - **[ ]** Single lot  
   - [ ] Multiple structures (How many structures are involved in your request? List the number: 2)  
   - [ ] Multiple lots (How many lots are involved in your request? List the number: ________)

---

**PUBLIC REPORTING BURDEN DISCLOSURE NOTICE**

Public reporting burden for this data collection is estimated to average 1.63 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). **NOTE: Do not send your completed form to this address.**
In addition to this form (MT-1 Form 1), please complete the checklist below. **ALL** requests must include one copy of the following:

- ☑ Copy of the effective FIRM panel on which the structure and/or property location has been accurately plotted (property inadvertently located in the NFIP regulatory floodway will require Section B of MT-1 Form 3)
- ☐ Copy of the Subdivision Plat Map for the property **(with recordation data and stamp of the Recorder’s Office)**
- ☑ Copy of the Property Deed **(with recordation data and stamp of the Recorder’s Office)**, accompanied by a tax assessor’s map or other certified map showing the surveyed location of the property relative to local streets and watercourses. The map should include at least one street intersection that is shown on the FIRM panel.
- ☑ Form 2 – Elevation Form. If the request is to remove the structure, and an Elevation Certificate has already been completed for this property, it may be submitted in lieu of Form 2. If the request is to remove the entire legally recorded property, or a portion thereof, the lowest lot elevation must be provided on Form 2.
- ☑ Please include a map scale and North arrow on all maps submitted.

For LOMR-Fs and CLOMR-Fs, the following must be submitted in addition to the items listed above:
- ☐ Form 3 – Community Acknowledgment Form

For CLOMR-Fs, the following must be submitted in addition to the items listed above:

- ☐ Documented ESA compliance, which may include a copy of an Incidental Take Permit, an Incidental Take Statement, a "not likely to adversely affect" determination from the National Marine Fisheries Service (NMFS) or the U.S. Fish and Wildlife Service (USFWS), or an official letter from NMFS or USFWS concurring that the project has “No Effect” on proposed or listed species or designated critical habitat. Please refer to the MT-1 instructions for additional information.

Please do **not** submit original documents. Please retain a copy of all submitted documents for your records.

DHS-FEMA encourages the submission of all required data in a digital format (e.g. scanned documents and images on Compact Disc [CD]). Digital submissions help to further DHS-FEMA’s Digital Vision and also may facilitate the processing of your request.

Incomplete submissions will result in processing delays. For additional information regarding this form, including where to obtain the supporting documents listed above, please refer to the MT-1 Form Instructions located at [http://www.fema.gov/plan/prevent/fhm/dl_mt-1.shtm](http://www.fema.gov/plan/prevent/fhm/dl_mt-1.shtm).

**Processing Fee** (see instructions for appropriate mailing address; or visit [http://www.fema.gov/fhm/frm_fees.shtm](http://www.fema.gov/fhm/frm_fees.shtm) for the most current fee schedule)

Revised fee schedules are published periodically, but no more than once annually, as noted in the Federal Register. Please note: single/multiple lot(s)/structure(s) LOMAs are fee exempt. The current review and processing fees are listed below:

Check the fee that applies to your request:

- ☐ $325 (single lot/structure LOMR-F following a CLOMR-F)
- ☐ $425 (single lot/structure LOMR-F)
- ☐ $500 (single lot/structure CLOMA or CLOMR-F)
- ☐ $700 (multiple lot/structure LOMR-F following a CLOMR-F, or multiple lot/structure CLOMA)
- ☐ $800 (multiple lot/structure LOMR-F or CLOMR-F)

Please submit the Payment Information Form for remittance of applicable fees. Please make your check or money order payable to: National Flood Insurance Program.

All documents submitted in support of this request are correct to the best of my knowledge. I understand that any false statement may be punishable by fine or imprisonment under Title 18 of the United States Code, Section 1001.

**ELEVATION FORM**

**PAPERWORK BURDEN DISCLOSURE NOTICE**

Public reporting burden for this data collection is estimated to average 1.25 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). **NOTE: Do not send your completed form to this address.**

This form must be completed for requests and must be completed and signed by a registered professional engineer or licensed land surveyor. A DHS - FEMA National Flood Insurance Program (NFIP) Elevation Certificate may be submitted in lieu of this form for single structure requests.

For requests to remove a structure on natural grade OR on engineered fill from the Special Flood Hazard Area (SFHA), submit the lowest adjacent grade (the lowest ground touching the structure), including an attached deck or garage. For requests to remove an entire parcel of land from the SFHA, provide the lowest lot elevation; or, if the request involves an area described by metes and bounds, provide the lowest elevation within the metes and bounds description. All measurements are to be rounded to nearest tenth of a foot. In order to process your request, all information on this form must be completed in its entirety. Incomplete submissions will result in processing delays.

1. **NFIP Community Number:** 550212  **Property Name or Address:** N3026 Church Road, Kewaunee, WI 54216

2. **Are the elevations listed below based on** [ ] **existing** or [ ] **proposed** conditions? (Check one)

3. For the existing or proposed structures listed below, what are the types of construction? (check all that apply)
   - [ ] crawl space
   - [ ] slab on grade
   - [x] basement/enclosure
   - [ ] other (explain)

4. Has DHS - FEMA identified this area as subject to land subsidence or uplift? (see instructions) [ ] Yes [x] No
   - If yes, what is the date of the current re-leveling? / (month/year)

5. **What is the elevation datum?** [ ] NGVD 29  [ ] NAVD 88  [ ] Other (explain) If any of the elevations listed below were computed using a datum different than the datum used for the effective Flood Insurance Rate Map (FIRM) (e.g., NGVD 29 or NAVD 88), what was the conversion factor?
   - Local Elevation +/- ft. = FIRM Datum

6. **Please provide the Latitude and Longitude of the most upstream edge of the structure** (in decimal degrees to the nearest fifth decimal place):
   - Indicate Datum: [ ] WGS84  [x] NAD83  [ ] NAD27  Lat 44.433718  Long. -87.632940

   **Please provide the Latitude and Longitude of the most upstream edge of the property** (in decimal degrees to the nearest fifth decimal place):
   - Indicate Datum: [ ] WGS84  [x] NAD83  [ ] NAD27  Lat 44.433718  Long. -87.632940

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this data collection is estimated to average 1.38 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). NOTE: Do not send your completed form to this address.

This form must be completed for requests involving the existing or proposed placement of fill (complete Section A) OR to provide acknowledgment of this request to remove a property from the SFHA which was previously located within the regulatory floodway (complete Section B).

This form must be completed and signed by the official responsible for floodplain management in the community. The six digit NFIP community number and the subject property address must appear in the spaces provided below. Incomplete submissions will result in processing delays. Please refer to the MT-1 instructions for additional information about this form.

A. REQUESTS INVOLVING THE PLACEMENT OF FILL

As the community official responsible for floodplain management, I hereby acknowledge that we have received and reviewed this Letter of Map Revision Based on Fill (LOMR-F) or Conditional LOMR-F request. Based upon the community’s review, we find the completed or proposed project meets or is designed to meet all of the community floodplain management requirements, including the requirement that no fill be placed in the regulatory floodway, and that all necessary Federal, State, and local permits have been, or in the case of a Conditional LOMR-F, will be obtained. For Conditional LOMR-F requests, the applicant has or will document Endangered Species Act (ESA) compliance to FEMA prior to issuance of the Conditional LOMR-F determination. For LOMR-F requests, I acknowledge that compliance with Sections 9 and 10 of the ESA has been achieved independently of FEMA’s process. Section 9 of the ESA prohibits anyone from “taking” or harming an endangered species. If an action might harm an endangered species, a permit is required from U.S. Fish and Wildlife Service or National Marine Fisheries Service under Section 10 of the ESA. For actions authorized, funded, or being carried out by Federal or State agencies, documentation from the agency showing its compliance with Section 7(a)(2) of the ESA will be submitted. In addition, we have determined that the land and any existing or proposed structures to be removed from the SFHA are or will be reasonably safe from flooding as defined in 44CFR 65.2(c), and that we have available upon request by DHS-FEMA, all analyses and documentation used to make this determination. For LOMR-F requests, we understand that this request is being forwarded to DHS-FEMA for a possible map revision.

The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). NOTE: Do not send your completed form to this address.

This form may be completed by the property owner, property owner’s agent, licensed land surveyor, or registered professional engineer to support a request for a Letter of Map Amendment (LOMA), Conditional Letter of Map Amendment (CLOMA), Letter of Map Revision Based on Fill (LOMR-F), or Conditional Letter of Map Revision Based on Fill (CLOMR-F) for existing or proposed, single or multiple lots/structures. In order to process your request, all information on this form must be completed in its entirety, unless stated as optional. Incomplete submissions will result in processing delays. Please check the item below that describes your request:

☐ LOMA A letter from DHS-FEMA stating that an existing structure or parcel of land that has not been elevated by fill (natural grade) would not be inundated by the base flood.

☐ CLOMA A letter from DHS-FEMA stating that a proposed structure that is not to be elevated by fill (natural grade) would not be inundated by the base flood if built as proposed.

☐ LOMR-F A letter from DHS-FEMA stating that an existing structure or parcel of land that has been elevated by fill would not be inundated by the base flood.

☐ CLOMR-F A letter from DHS-FEMA stating that a parcel of land or proposed structure that will be elevated by fill would not be inundated by the base flood if fill is placed on the parcel as proposed or the structure is built as proposed.

Fill is defined as material from any source (including the subject property) placed that raises the ground to or above the Base Flood Elevation (BFE). The common construction practice of removing unsuitable existing material (topsoil) and backfilling with select structural material is not considered the placement of fill if the practice does not alter the existing (natural grade) elevation, which is at or above the BFE. Fill that is placed before the date of the first National Flood Insurance Program (NFIP) map showing the area in a Special Flood Hazard Area (SFHA) is considered natural grade.

Has fill been placed on your property to raise ground that was previously below the BFE? ☐ Yes ☐ No If yes, when was fill placed? month/year

Will fill be placed on your property to raise ground that is below the BFE? ☐ Yes* ☐ No If yes, when will fill be placed? / month/year

* If yes, Endangered Species Act (ESA) compliance must be documented to FEMA prior to issuance of the CLOMR-F determination (please refer page 4 to the MT-1 instructions).

1. Street Address of the Property (if request is for multiple structures or units, please attach additional sheet referencing each address and enter street names below):
N3026 Church Road, Kewaunee WI, 54216

2. Legal description of Property (Lot, Block, Subdivision or abbreviated description from the Deed):
Part of the South 14.5 Acres of the NW 1/4 of the SE 1/4 Section 30, lying W & E of E. Twin River Parcel 20-00030-0740

3. Are you requesting that a flood zone determination be completed for (check one):

☐ Structures on the property? What are the dates of construction?
☒ A portion of land within the bounds of the property? (A certified metes and bounds description and map of the area to be removed, certified by a licensed land surveyor or registered professional engineer, are required. For the preferred format of metes and bounds descriptions, please refer to the MT-1 Form 1 Instructions.)

☐ The entire legally recorded property?

4. Is this request for a (check one):
☐ Single structure
☒ Single lot
☐ Multiple structures (How many structures are involved in your request? List the number: 2)
☐ Multiple lots (How many lots are involved in your request? List the number: ______)
In addition to this form (MT-1 Form 1), please complete the checklist below. ALL requests must include one copy of the following:

☐ Copy of the effective FRM panel on which the structure and/or property location has been accurately plotted (property inadvertently located in the NFIP regulatory floodway will require Section B of MT-1 Form 3)

☐ Copy of the Subdivision Plat Map for the property (with recordation data and stamp of the Recorder’s Office)

☐ Copy of the Property Deed (with recordation data and stamp of the Recorder’s Office), accompanied by a tax assessor’s map or other certified map showing the surveyed location of the property relative to local streets and watercourses. The map should include at least one street intersection that is shown on the FRM panel.

☐ Form 2 – Elevation Form. If the request is to remove the structure, and an Elevation Certificate has already been completed for this property, it may be submitted in lieu of Form 2. If the request is to remove the entire legally recorded property, or a portion thereof, the lowest lot elevation must be provided on Form 2.

☐ Please include a map scale and North arrow on all maps submitted.

For LOMR-Fs and CLOMR-Fs, the following must be submitted in addition to the items listed above:

☐ Form 3 – Community Acknowledgment Form

For CLOMR-Fs, the following must be submitted in addition to the items listed above:

☐ Documented ESA compliance, which may include a copy of an Incidental Take Permit, an Incidental Take Statement, a “not likely to adversely affect” determination from the National Marine Fisheries Service (NMFS) or the U.S. Fish and Wildlife Service (USFWS), or an official letter from NMFS or USFWS concurring that the project has “No Effect” on proposed or listed species or designated critical habitat. Please refer to the MT-1 instructions for additional information.

Please do not submit original documents. Please retain a copy of all submitted documents for your records.

DHS-FEMA encourages the submission of all required data in a digital format (e.g. scanned documents and images on Compact Disc [CD]). Digital submissions help to further DHS-FEMA’s Digital Vision and also may facilitate the processing of your request.

Incomplete submissions will result in processing delays. For additional information regarding this form, including where to obtain the supporting documents listed above, please refer to the MT-1 Form Instructions located at http://www.fema.gov/plan/prevent/fhm/dl mt-1.htm.

Processing Fee (see instructions for appropriate mailing address; or visit http://www.fema.gov/fhm/frm_fees.shtml for the most current fee schedule)

Revised fee schedules are published periodically, but no more than once annually, as noted in the Federal Register. Please note: single/multiple lot(s)/structure(s) LOMA(s) are fee exempt. The current review and processing fees are listed below:

Check the fee that applies to your request:

☐ $325 (single lot/structure LOMR-F following a CLOMR-F)

☐ $425 (single lot/structure LOMR-F)

☐ $500 (single lot/structure CLOMA or CLOMR-F)

☐ $700 (multiple lot/structure LOMR-F following a CLOMR-F, or multiple lot/structure CLOMA)

☐ $800 (multiple lot/structure LOMR-F or CLOMR-F)

Please submit the Payment Information Form for remittance of applicable fees. Please make your check or money order payable to:

National Flood Insurance Program.

All documents submitted in support of this request are correct to the best of my knowledge. I understand that any false statement may be punishable by fine or imprisonment under Title 18 of the United States Code, Section 1001.

Applicant’s Name (required): David J. Chrouser

Mailing Address (required): 400 Security Blvd, Green Bay, WI 54313

E-Mail Address (optional): By checking here you may receive correspondence electronically at the email address provided:
dchrouser@mau-associates.com

Company (if applicable): Mau & Associates

Daytime Telephone No. (required): 920 434-9670

Fax No. (optional): 920 434-9672

Signature of Applicant (required)

March 30, 2016

Date (required)
Area of Removal:

Part of the Northwest 1/4 of the Southeast 1/4 of Section 30, T23N-R24E, Town of West Kewaunee, Kewaunee County, Wisconsin, more fully described as follows:

Commencing at the Southwest corner of Section 30, T23N-R24E; thence N1°59'26"W, 1578.34 feet along the West line of the Southwest 1/4 of said Section to the Point of Beginning; thence continuing N1°59'26"W, 218.88 feet along said West line; thence N88°49'52"E, 313.81 feet; thence S18°20'58"W, 94.69 feet; thence S28°43'14"W, 66.90 feet; thence S54°10'49"W, 116.53 feet; thence S86°47'20"W, 149.93 feet to the point of beginning.

Removal Area contains 55,381 square feet / 1.27 acres more or less.
Public reporting burden for this data collection is estimated to average 1.25 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting the form. This collection is required to obtain or retain benefits. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0015). NOTE: Do not send your completed form to this address.

This form must be completed for requests and must be completed and signed by a registered professional engineer or licensed land surveyor. A DHS - FEMA National Flood Insurance Program (NFIP) Elevation Certificate may be submitted in lieu of this form for single structure requests.

For requests to remove a structure on natural grade OR on engineered fill from the Special Flood Hazard Area (SFHA), submit the lowest adjacent grade (the lowest ground touching the structure), including an attached deck or garage. For requests to remove an entire parcel of land from the SFHA, provide the lowest lot elevation; or, if the request involves an area described by metes and bounds, provide the lowest elevation within the metes and bounds description. All measurements are to be rounded to nearest tenth of a foot. In order to process your request, all information on this form must be completed in its entirety. Incomplete submissions will result in processing delays.

1. NFIP Community Number: 550212 Property Name or Address: N3026 Church Road, Kewaunee, WI 54216

2. Are the elevations listed below based on existing or proposed conditions? (Check one)

3. For the existing or proposed structures listed below, what are the types of construction? (Check all that apply)
   - Crawlspace
   - Slab on grade
   - Basement/enclosure
   - Other (explain)

4. Has DHS - FEMA identified this area as subject to land subsidence or uplift? (See instructions) Yes No

   If yes, what is the date of the current re-leveling? / month/year

5. What is the elevation datum? NGVD 29 NAVD 88 Other (explain) If any of the elevations listed below were computed using a datum different than the datum used for the effective Flood Insurance Rate Map (FIRM) (e.g., NGVD 29 or NAVD 88), what was the conversion factor?

   Local Elevation +/- ft. = FIRM Datum

   Please provide the Latitude and Longitude of the most upstream edge of the structure (in decimal degrees to the nearest fifth decimal place):
   - Indicate Datum: WGS84 NAD83 NAD27
   - Lat 44.433718 Long -87.632940

   Please provide the Latitude and Longitude of the most upstream edge of the property (in decimal degrees to the nearest fifth decimal place):
   - Indicate Datum: WGS84 NAD83 NAD27
   - Lat 44.433718 Long -87.632940
