COLLEGE 4 KIDS VIRTUAL

JUNE 7-11
GRADES K-1

Our programs are for children seeking fun and adventurous learning opportunities! Check out our engaging classes for curious youth that feature Languages, Cooking, Science, and Art!

Early Bird Registration until March 31 : \$25 Per Class
Registration April 1- May 31: \$35 Per Class

9-9:45 AM

Big Wild Cats! Lynx, Lions & Leopards

Explore what these three amazing big wildcats can consume, why their body structure is what it is, and other unique facts that will make each animal special.

Instructor: Jessica Bjornson

Creative Mathematics

Find the beauty of mathematics and discover how to use math concepts to create art. Understand how math is involved with popular media like comic books, animation, painting and more!

Instructor: Ellie Lovelace

Fun Way with Words

Explore the fun world of creative writing with a variety of activities for the imagination while improving on literary skills. Develop picture books, enjoy journal writing, and practice letter formation in text.

Instructor: Madilyn Ungerer

Simple Spanish Sayings

Learn how to greet others in Spanish, along with some common phrases and other simple Spanish Words. Explore a new language with fun activities.

Instructor: Katie Hoerter

It's All Fun & Games

Get Up! Get Active! Have Fun! Expand the summer fun with virtual games. Whether that's a scavenger hunt or imaginary ball toss the energy will be high and fun will be had.

Instructor: Tammy Klawitter

10-10:45 AM

Healthy Choices: from Head to Toe!

Explore different food that are nutritious and delicious! Enjoy active games and activities. Learn fun ways to make positive, healthy choices to help us grow.

Instructor: Breanne Cipriano

Colors & Shapes of My Art

Explore the different variations of colors, patterns, and shapes. Each lesson will go over the basics and build upon each step to use these concepts to create works of art. Design and discuss personally crafted artworks.

Instructor: Jessica Bjornson

Creative Mathematics

Find the beauty of mathematics and discover how to use math concepts to create art. Understand how math is involved with popular media like comic books, animation, painting and more!

Instructor: Ellie Lovelace

Curiosity with Chemistry

Discover the basic property of acids and bases, how they interact, and even get instructions on how to make an eggshell disappear at home!

Instructor: Katie Hoerter

It's All Fun & Games

Get Up! Get Active! Have Fun! Expand the summer fun with virtual games. Whether that's a scavenger hunt or imaginary ball toss the energy will be high and fun will be had.

Instructor: Tatum Vannieuwenhoven

Growing Globally

Observe language, culture and people through the exploration of issues that connect our world as global ambassadors. Grow global perspectives through fun activities!

Instructor: Sara Goldberg

REGISTER FOR COLLEGE FOR KIDS TODAY!

IT CAMP VIRTUAL

Learn how to code, develop, and program your own video game! Camp participants will learn the basics of computer and game programming using GDevelop. No previous experience or background in IT or programming is necessary.

IT camp is for all levels in which we will meet students where they are and move forward from there. We're using a free, open source programming tool called GDevelop. GDevelop is a deceptively powerful programming tool that essentially developed its own language to help people create games relatively simply and quickly. It could be likened to a "drag and drop" style of code but it's slightly more complex. With this program we can create side scrolling games, survival games, and so much more - the possibilities are truly endless!

JUNE 7-11 | GRADES 8-12 | \$245 PER STUDENT

Registration Deadline: May 31

JUNE 14-18 | GRADES 5-8 | \$175 PER STUDENT

Registration Deadline: June 4

THE SHOW MUST GO ONLINE!

VIRTUAL THEATRE CAMP

"The Show Must Go Online" is a musical written to be rehearsed and performed remotely! Each actor will receive a 1-2 minute scene/song to rehearse, video record, and upload. When all the videos are played in order, they tell the hilarious story of a group of passionate students desperate to keep their annual musical alive...online!

This three-week virtual camp is comprised of approximately three sessions per week

including some large-group, small-group, and individual meetings focusing on individual's performing skills, Theatre/video basics and theatre games.

These sessions meet at 4:30 PM, Monday-Thursday evenings, and last for about 45 minutes.

Individual sessions may occur outside of the regular times based on student availability.

Actors are required to memorize their assigned lines and one or two musical numbers.

AGES 8- 16 | \$35 PER PERSON

SESSION A: MAY 10-28

SESSION B: JULY 19-17

CHALLENGER SOCCER CAMP

IN-PERSON IN MARSHFIELD CAMPUS | JULY 12-16 | AGES 3-18

This soccer camp is a combination of the most popular practices from leading soccer countries: Brazil, England, France, Spain, and the USA.

The Challenger International Soccer Camp reflects the truly global nature of the sport today and provides young players with a wide variety of coaching styles, practices, and influences that will help them develop a well-rounded skill set.

Tiny Tykes Cubs | Ages 3-4 | \$97
Tiny Tykes Lions | Ages 5-6 | \$113
Half Day Program | Ages 7-10 | \$143
Half Day Camp | Ages 10-14 | \$143
Full-Day Camp | Ages 8-16 | \$189
High School Program | Ages 14-18 | \$143
