THE UWSP FACILITY SERVICES NEWSLETTER

MARCH, 2019

- courtesy oldcarsweekly.com

Congratulations to our extremely talented auto mechanic, Randy Lutz! Randy's passion for restoring classic cars was on full display in November when his 1948 Chrysler Windsor was picked as oldcarsweekly.com's "Car of the Week"! Great job Randy!

For more on Randy's amazing project, please visit the link below to the article.

5 years of service

TO ALL THE STUDENT WORKERS  
EMPLOYED BY FACILITY SERVICES,  
THANK YOU! YOUR HARD WORK  
AND DEDICATION TO FACILITY  
SERVICES IS APPRECIATED!

Academic Custodial Program Supervisor, Tammy Larson.

The Milwaukee Brewers 2019 regular-season schedule begins on Thursday, March 28 vs. St. Louis. The team opens up with a four-game series at home against the Cardinals before their first road trip of season, a three-game set against the Reds in Cincinnati.

This season, the Brewers will take on their division rival Chicago Cubs a total of 19 times, including three weekend series at Miller Park from April 5-7, July 26-28 and September 5-8.

Congratulations to Tammy Larson and the Academic Custodial work unit on completion of ISSA, Clean Management Institute's Training and Certification. After completing another session of training recently, all current academic custodial personnel are now certified as Basic Custodial technicians. The Clean

Management Institutes training courses are a way to ensure that our custodial technicians are educated to follow worldwide standards of cleaning techniques and practices. According to Tammy, "the plan is to keep moving forward and assist our custodial staff through the next phase, Advanced Certification in the near future".

With the full support of UWSP Facility Services management, Tammy is the only ISSA Clean Management Institute's certified trainer in the University of Wisconsin System. Congratulations to Tammy and our certified custodial technicians!
