	Notes											
1	Estimate of Fall 2 retention is derived using the spring-to-fall historical percentage											
2	* Rolling three year average was done for Schools from 2009											
3	Athletics, RESLIFE, and DCA were only identified for Fall 2024 students. These units used the overall average of all schools (81.8%)											
4	School is from the student's major at fall census											
5	Membership in groups overlaps
