Registration
If any Holds are listed, make sure you click here to find out what they are. **Holds may prevent you from being able to register.**

To start building your schedule, view your Shopping Cart, and register for classes, **click on My Classes.**

Use the Class Search to see an overview of all courses being offered by semester.
Use the Schedule Builder to find combinations of your classes that all work together.

Your Shopping Cart will show the classes you’ve selected. Having classes in your shopping cart does not guarantee you a seat in the class, but is the first step in registering.

Your Enrollment Appointment time is listed here.
If more than one term displays, choose which one you want to work with and click continue.
A “Shopping Cart Appointment” is when your shopping cart opens up for that term. Every session that exists for the selected term displays below. The appointment times will be the same for each session. Scroll down the page to see your Enrollment Appointment time.
Finding your Registration/Enrollment Appointment Time

The “Enrollment Appointment” is when you can begin registering for classes.

The end day and time only refers to the end of assigned appointment times.

“Open Enrollment” refers to the time period after all assigned appointment times are over. You can still register after that point. You will notice that the open enrollment period opens as soon as your enrollment appointment ends.
If more than one term displays, choose which one you want to work with and click continue.
There are three different ways to add classes to your Shopping Cart. If you know the 6-digit class number (viewable in class search), you can enter it here. Add a class using Class search. Use Schedule builder.
Once your enrollment time arrives, click Enroll to finish the registration process.
