Steps for a successful move-in at UW-Stevens Point

1. Stop in an “UNLOADING ZONE” as close as possible to your residence hall.
2. You will then check-in with a QR code at your hall front desk and receive your room key and building Saflok.
3. After checking in, you should head to your designated “TENT LOCATION” to check out blue carts for unloading.
   a. You will be allowed a max of two (2) blue carts to unload your belongings.
   b. At the blue cart table: You will need to present an ID along with contact information, including hall and room number (we will be holding your ID until the carts are returned).
4. Once everything has been unloaded from the vehicle, someone who came with you will need to move the vehicle to a short-term or long-term parking lot.

Please follow additional instructions on the STEPS FOR A SUCCESSFUL MOVE-IN page.

Note: there will be NO shuttle service for fall 2020 move-in.
