

**UWSP SCHOOL OF HEALTH CARE PROFESSIONS
CLINICAL LABORATORY SCIENCE HISTOTECHNOLOGY OPTION
GEP REQUIREMENT CHECKLIST**

STUDENT NAME _____

General Education Program	Crs	Semester Taken
FOUNDATION LEVEL (must be completed by 60 credits)		
Written Communication (WC)		
English 101 or 150	3	
202	3	
Oral Communication (OC)		
Communication 101	3	
Quantitative Literacy (QL)		
Mathematics 100	3	
355 or HS 301	4	
Wellness (WLN)	1	
INVESTIGATION LEVEL (24 credits total) -Minimum of 3 credits and maximum of 9 credits per subgroup -At least 1 class in each subgroup and 2 classes in 2 subgroups		
Arts (ART)	3-6	
Humanities (HU)	3-6	
Consider Phil. 121, 302		
Historical Perspectives (HP)	3-6	
Social Sciences (SS)	3-6	
Consider Soc. 101, 308; Poli. Sci. 306		
Natural Sciences (NS) (lab component included)	3-9	
Biology 160, Chemistry 105		
CULTURAL AND ENVIRONMENTAL AWARENESS (may "double-dip" with other GEP requirements)		
U.S. Diversity (USD)	3	
Consider Soc. 101		
Global Awareness (GA)	3	
Consider Anthro. 380		
Environmental Responsibility (ER)	3	
Consider HS 320		
INTEGRATION LEVEL (0-3 credits) (may "double-dip" with other GEP requirements)		
Experiential Learning (XL)	3	
Interdisciplinary Studies (IS)	3	
Consider HS 320		

Major Requirements	Crs	Semester Taken
"In the Major" Requirements		
Communication in the Major 6 cr. from CLS 399, 499; HS 295, 360, 385	6	
Capstone Experience in the Major CLS 399 or 499	3	
Biology Requirements#		
Biology 160	5	
Biology 210	3	
Biology 314♦	4	
Biology 326 or CLS 465	3	
Biology 333	4	
Biology 385	4	
Biology 387♦	4	
Chemistry Requirements§		
Chemistry 105*	5	
Chemistry 106*	5	
CLS Requirements		
CLS 105	3	
CLS 125	2	
CLS 205	1	
CLS 365 summer session	2	
CLS 415	4	
CLS 425	5	
CLS 427	1	
CLS 428	1	
CLS 435	3	
CLS 499	3	
Clinical Practicum^	24	
Health Science Requirements		
HS 295	3	
HS 360	3	
HS 385	3	

#Recommend Biol 130 to complete biology minor.

♦ Generally offered first semester.

§Recommend Chem minor if planning graduate studies.

*Chemistry 117 can be taken in lieu of 105 & 106 if advanced preparation requirements are met.

^These courses will be completed at affiliated clinical laboratories.
