

BASIC MANUAL COMMUNICATION
University of Wisconsin – Stevens Point
Communication Science and Disorders 342
Semester I - Fall, 2018-2019 School Year

Instructor: Jim Doebereiner, MSE, NIC, LPC
E-mail: Jim.Doebereiner@uwsp.edu
Office Hours: Before or After Class

Class Time: 5:00 – 6:40 pm
Day: Mondays
Room: CPS 229

Basic Needs Security

Any student who faces any challenges securing their food, housing, or necessary resources (including the course text) and believes this may affect their performance in this course is urged to contact the Dean of Students for support. Please, also know, you are always free to notify me and I will help you in any way that I can. Or, I will refer you to any/all resources that I have that may potentially help.

Course Description

This 2 credit course will be an introduction to American Sign Language. Aspects of Deaf Culture, Deaf and Hard of Hearing communities, interpreting services, and assistive technologies will be covered. This syllabus, along with course assignments and due dates, are subject to change.

Text

Learning American Sign Language, by Tom Humphries and Carol Padden (2004-2nd edition). ISBN: 0205275533 (We will be using this text in class extensively as well as provided handouts and worksheets.)

Course Competencies

This is a performance based course. It has been designed around these competencies:

1. Use the manual alphabet receptively and expressively
2. Demonstrate appropriate American Sign Language vocabulary parameters
3. Incorporate non-manual aspects of American Sign Language
4. Demonstrate basic signed sentences receptively and expressively
5. Explore and research aspects of Deaf and Hard of Hearing communities
6. Identify the role of a Sign Language Interpreter
7. Explore and research examples of assistive technology for the Deaf and Hard of Hearing

Final Grade Determination

Performance-based tasks related to these competencies will be used to determine your grade. You may be required to show me what you have learned through class discussions, signed performances, signed and/or finger-spelled activities, group activities, written assignments or quizzes. You must be able to satisfactorily demonstrate ALL course competencies in order to successfully complete this course. Because each competency is important, grades are averaged using weighted percentage scores, not raw numbers. Late or missing assignments WILL affect your grade.

Graded Activities:

Lab Activities: Almost every week of class, there will be a learning activity/quiz. Lab Learning Activities are 45% of the final grade.

Performance Assessments: There will be a midterm and a final performance assessment task in which you will prepare a signed presentation to be performed in class. Lab Performance Assessment Tasks are 25% of your final grade.

Written/Research Assignments: Written/Research assignments are 30% of the final grade. There will be two of these assignments and will be given in the first half and second half of the semester. These will be very short written assignments requiring outside research and representation of multiculturalism and critical thinking skills.

Grading Scale

<u>% value</u>	<u>Grade equivalent</u>	<u>% value</u>	<u>Grade equivalent</u>	<u>% value</u>	<u>Grade equivalent</u>
96-100	A	80-83	B-	67-69	D+
92-95	A-	77-79	C+	60-66	D
88-91	B+	74-76	C	60-0	F
84-87	B	70-73	C-		

Expected Student Attendance and Assignments

You are required to be in every class. There will be no make-up assignments or quizzes. Because of the nature of the instruction of the material in this class, it is imperative that attendance is 100% - there will be too much material missed even if one class out of the semester is not attended. Please see me with any questions (or special circumstances) regarding attendance.

Teaching Style and Learning Expectations

This class will be taught with a critical learning and critical thinking approach. Practical use and applied learning are of the utmost importance. It is expected that students not only learn from the instructor but also develop and utilize a very strong sense of critical learning and thinking as it relates to learning a new language - there will certainly be numerous examples of idiosyncrasies (not in a negative sense) when learning vocabulary, learning grammatical structure, developing a signing style, and understanding regional and cultural differences that happen in any language. We will explore this. Students must be flexible and critical. Research is key. Acceptance is paramount.

Mobile Phones/Laptops/Tablets/Recording Devices

Electronic devices of any type **CANNOT BE USED DURING CLASS AT ALL**. They must be silenced/turned off and put away - out of sight. They can only be used up until class starts and during break times. There will be no reasons for using (or allowance of using) electronic devices during class instruction, lecture, lab, practice, or any other times during class time.

Technical Assistance

If you need technical assistance at any time during the course or to report a problem with D2L you can:

- Visit with a [Student Technology Tutor](#)
- Seek assistance from the [IT Service Desk](#) (Formerly HELP Desk)
 - IT Service Desk Phone: 715-346-4357 (HELP)
 - IT Service Desk Email: techhelp@uwsp.edu

Instructor Response Times

Instructor will attempt to respond to student emails within 24 hours, except during the weekends. Instructor will attempt to grade written work within 72 hours of the assignments due date.

Academic Integrity

Academic dishonesty **IN ANY FORM** will result in disciplinary action in accordance with the UW System Administrative Code. See <http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/SRR-2010/rightsChap14.pdf> for more information.

Accommodations

UWSP is committed to providing reasonable and appropriate accommodations to students with disabilities and temporary impairments. If you have a disability or acquire a condition during the semester where you need assistance, please contact the Disability and Assistive Technology Center on the 6th floor of Albertson Hall (library) as soon as possible. DATC can be reached at 715-346-3365 or DATC@uwsp.edu.

Emergencies

In the event of a medical emergency, call 9-1-1 or use the RED emergency phone located in the hall.

For active shooter/code reaction situations – If trapped: hide, lock doors, turn off lights, spread out and remain calm. Call 9-1-1 if safe to do so. Follow all instructions of emergency responders.

In the event of an evacuation order or fire alarm, leave the building in a calm manner by proceeding out of the classroom and exit the building. Walk past the dog sculpture and across the parking lot (west). Our class will meet on the corner of the Fire Station.

In the event of a tornado warning, proceed to classroom 211, which is designated a storm shelter area. See <http://www.uwsp.edu/rmgt/Pages/em/procedures/other/floor-plans.aspx> to see severe weather shelters for all of campus. See UW-Stevens Point Emergency Management Plan at <http://www.uwsp.edu/rmgt/Pages/em/procedures/default.aspx> for more details on all emergencies. You will be required to login to see floor-plans.
