## Assignments

### Respond to the Syllabus

By the due date, I would like you to read the class syllabus carefully and then to write down your understanding of various points. This is so I can be sure you understand what you are getting yourself into. You automatically receive full points if you complete it on time. By completing this assignment, you are saying that you've read the syllabus. You're also saying that if you have any questions about the syllabus, you have asked me, or you will ask me.

In this assignment, you will also introduce yourself to me. I will read your introduction and reply to you individually. Detailed info and guidelines for the assignment are [here](#).

### Reflective Posts

In this assignment, you will respond to the readings for the unit on Canvas. You'll write a reflective post (like a diary entry or blog post), and share it with the class. You are to respond to posts that classmates submit. Detailed info and guidelines for the assignment are posted [here](#) on Canvas

### Team Meetings

I've assigned you to a [team](#) (<https://docs.google.com/spreadsheets/d/1WNIUjMLNv6qiWkGgwnxntwmPuyv1ox3kAngFVzkQcJ8/edit?usp=sharing>). You decide what time you would meet. You meet without the instructor. In each team meeting, you receive directions on what to discuss. As a team, you submit a concise report on your meeting. If you're unable to attend, communicate with your team about what you missed. Detailed info and guidelines are [here](#) on Canvas

## Movie Analysis Paper

The purpose of this assignment is to prompt you to critically apply the course concepts using a specific example of education. In this assignment, first, you are supposed to watch one of the movies listed on CANVAS, which is telling a story of a gifted child. After you have watched it, you will write a reflection paper. As a reflection, you are basically expected to address the questions listed on the Guideline for the assignment. Detailed information and guidelines for the assignment are posted [here](#) on Canvas.

## Program Exploration Paper

The purpose of the assignment is to give you an understanding of the structures of programs designed for gifted and talented students. In this assignment, you will search for an existing program (summer/winter camps, extracurricular activities, university programs, online courses, etc.) designed for gifted and talented students. After you identified a program, you will write a supporting document describing the selected program. Detailed information and guidelines for the assignment are posted [here](#) on Canvas.

## Lesson Plan Modification

The lesson you use may be something out of one of your textbooks, something you originally created, or something you get from a colleague, on the internet, or from another teacher resource. You may use any lesson plan format that you prefer and your write-up does not have to be as comprehensive as the lessons you wrote while in college! The lesson plan should be clear enough for another individual (think substitute teacher) to pick up and use without having to ask any questions. Detailed information and guidelines for the assignment are posted [here](#) on Canvas.

## Gifted Program Development

In this assignment, you will design a program for GT students to understand the developing programs for gifted and talented students. This might be summer/winter camps, extracurricular activities, university programs, online courses, special schools, residential schools, pull-out programs. ## **Academic Dishonesty**

Academic dishonesty will not be tolerated. This includes, but is not limited to, cheating on an exam, plagiarism, and/or giving (or asking for) the questions or answers on a quiz. Breaches of academic dishonesty will result in a failing grade and will be taken up with the university committee charged with prosecuting academic dishonesty. "Turnitin" software will be used for assignments in this course. Turnitin helps students avoid plagiarism and helps instructors give assessment feedback to students.

Here's the policy, for your reference:

UWSP 14.01 Statement of Principles

The board of regents, administrators, faculty, academic staff and students of the University of Wisconsin system believe that academic honesty and integrity are fundamental to the mission of higher education and of the University of Wisconsin system. The university has a responsibility to promote academic

honesty and integrity and to develop procedures to deal effectively with instances of academic dishonesty. Students are responsible for the honest completion and representation of their work, for the appropriate citation of sources, and for respect of others' academic endeavors.

To read UWSP's definition of academic misconduct, please consult UWSP 14.03. In short, examples of academic misconduct include, but are not limited to:

- Cheating on an examination
- Collaborating with others in work to be presented, contrary to the stated rules of the course
- Submitting a paper or assignment as one's own work when a part or all of the paper or assignment is the work of another
- Submitting a paper or assignment that contains ideas or research of others without appropriately identifying the sources of those ideas
- Stealing examinations or course materials
- Submitting, if contrary to the rules of a course, work previously presented in another course

Students suspected of academic misconduct will be asked to meet with me to discuss the concerns. If academic misconduct is evident, procedures for determining disciplinary sanctions will be followed as outlined in the [University System Administrative Code, Chapter 14](http://docs.legis.wisconsin.gov/code/admin_code/uws/14.pdf) ([http://docs.legis.wisconsin.gov/code/admin\\_code/uws/14.pdf](http://docs.legis.wisconsin.gov/code/admin_code/uws/14.pdf)).

## **Inclusivity Statement**

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that the students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender identity, sexuality, disability, age, socioeconomic status, ethnicity, race, nationality, religion, and culture. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

If you have experienced a bias incident (an act of conduct, speech, or expression to which a bias motive is evident as a contributing factor regardless of whether the act is criminal) at UWSP, you have the right to report it using this link. You may also contact the Dean of Students office directly at [dos@uwsp.edu](mailto:dos@uwsp.edu) (<mailto:dos@uwsp.edu>).

## **Religious Beliefs Accommodation**

It is UW System policy to reasonably accommodate your sincerely held religious beliefs with respect to all examinations and other academic requirements.

You will be permitted to make up an exam or other academic requirement at another time or by an alternative method, without any prejudicial effect, if:

- There is a scheduling conflict between your sincerely held religious beliefs and taking the exam or meeting the academic requirements; and
- You have notified your instructor within the first three weeks of the beginning of classes (first week of summer or interim courses) of the specific days or dates that you will request relief from an examination or academic requirement.
- Your instructor will accept the sincerity of your religious beliefs at face value and keep your request confidential.
- Your instructor will schedule a make-up exam or requirement before or after the regularly scheduled exam or requirement.

You may file any complaints regarding compliance with this policy in the Equity and Affirmative Action Office

### Confidentiality

Learning requires risk-taking and sharing ideas. Please keep your classmates' ideas and experiences confidential outside the classroom unless permission has been granted to share them.

### Equal Access for Students with Disabilities

UW-Stevens Point will modify academic program requirements as necessary to ensure that they do not discriminate against qualified applicants or students with disabilities. The modifications should not affect the substance of educational programs or compromise academic standards; nor should they intrude upon academic freedom. Examinations or other procedures used for evaluating students' academic achievements may be adapted. The results of such evaluation must demonstrate the student's achievement in the academic activity, rather than describe his/her disability.

*If modifications are required due to a disability, please inform the instructor and contact the [Disability and Assistive Technology Center](https://www.uwsp.edu/datc/Pages/default.aspx) (<https://www.uwsp.edu/datc/Pages/default.aspx>) to complete an Accommodations Request form.
