## **Geography Geology 308/508**

### **CLIMATE: PAST, PRESENT AND FUTURE**

## Spring 2020

Instructor: Dr. Samantha Kaplan

Office: D-327 Science Building

Office Hours: Tuesdays & Thursday 3:15 - 4:15 pm and by appointment

Office Telephone: 715-346-4149

Email: <u>skaplan@uwsp.edu</u>

**Required Text:** Ruddiman, William, 2014. <u>*Earth's Climate, Past and Future*</u> (third ed.). New York: W.H. Freeman and Company, 445 p.

**Students with Disabilities:** Students with learning and/or physical challenges that make classroom learning difficult are encouraged to contact me right away (in addition to Disability Services) to make special arrangements for taking lecture notes or exams.

**Course Description:** 3 Credits. Earth's climate is always changing. Different factors, including geological, astronomical, atmospheric, oceanic, biological, and human, operate at different time scales to change the climate of our planet. This course focuses on evidence of climate change in the past, modern climate variability, and the range of theories and arguments regarding future climate scenarios. We will study the field and research methods used to investigate past climate, as well as how climate models are used to explore future climatic trends, including global warming.

Learning Outcomes: Upon completion of this course:

- Students will be able to explain the workings of earth's climate system and the processes affecting climate over timescales ranging from years to millennia.
- Students will be able to demonstrate how interactions among the atmosphere, oceans and land combine to influence climate.
- Participants will be able to recognize how humans have affected the climate and be able to identify how past climate changes can be used to understand possible future climate change.
- Students will acquire the necessary tools and background to decipher climate change fact from fiction and make informed decisions about future climate policy.

#### Student rights and responsibilities

- UWSP has guidelines regarding student rights and responsibilities in class and on campus. These are outlined on the Dean of Student's website and in the Student Handbook. Do review these resources if you have not already:
  - o <u>https://www.uwsp.edu/dos/Pages/stu-conduct.aspx</u>
  - <u>https://www.uwsp.edu/dos/Pages/stu-academic.aspx</u>
  - <u>https://www.uwsp.edu/dos/Pages/handbook.aspx</u>
  - o <u>https://www.uwsp.edu/dos/Documents/AcademicIntegrityBrochure.pdf</u>
  - o https://www.uwsp.edu/dos/Documents/UWSP14-Final2019.pdf

#### **Classroom Policies**

- No talking, texting, emailing, web-surfing, or listening to music during class. This is disruptive and discourteous to your peers and to the professor. Phones and other electronic devices must be turned off. Laptops and tablets may be used for note-taking, but only with prior approval. Any student found violating these rules will be asked to leave the classroom.
- Attendance is required at all class sessions and counts towards your grade. If you have to miss class, it is your responsibility to inform the instructor ahead of time and get notes from a peer.
- I do not post lecture notes on-line and I do not share my lecture notes with students. Please do not ask. If you miss class, it is your responsibility to get the notes from a classmate. I will post Power Point lecture slides following class (not before).

#### Grades

• Evaluation

| Total                 | 100% |
|-----------------------|------|
| Other Assignments     | 14%  |
| Exercises (6 @ 6% ea) | 36%  |
| Attendance            | 8%   |
| Exams (3 @ 14% ea)    | 42%  |
|                       |      |

• Final Letter Grades: Letter grades will be assigned as follows:

| Percent | Letter Grade |
|---------|--------------|
| ≥93     | А            |
| 90-92.9 | A-           |
| 87-89.9 | B+           |
| 83-86.9 | В            |
| 80-82.9 | B-           |
| 77-79.9 | C+           |
| 73-76.9 | С            |
| 70-72.9 | C-           |
| 67-69.9 | D+           |
| 63-66.9 | D            |
| ≤62.9   | F            |

# Class Schedule (Tentative and subject to change.... Just like climate!)

| Date | <u>!</u> | <u>Class Topic</u>                            | Reading Due                       | Assignment Due |
|------|----------|---|-----------------------------------|----------------|
| Т    | 21-Jan   | Course overview, weather vs. climate          |                                   |                |
| R    | 23-Jan   | Solar forcing                                 | Chapter 1; CSSR p. 1-15           |                |
| т    | 28-Jan   | The atmosphere                                | Chapter 2 p. 19-32; CSSR p. 73-76 |                |
| R    | 30-Jan   | <u>Exercise – Energy budget</u>               | Chapter 2 p. 32-39                |                |
| т    | 4-Feb    | The atmosphere cont'd.                        | Chapter 2 p. 32-39                |                |
| R    | 6-Feb    | Exercise (SIAL) - the carbon cycle            | The Habitable Planet              | Energy budget  |
| т    | 11-Feb   | The oceans                                    | Chapter 2 p. 40-53                |                |
| R    | 13-Feb   | Long-term climate, Earth's thermostat         | Chapter 4                         |                |
| т    | 18-Feb   | Climate and plate tectonics                   | Chapter 5                         | Carbon Cycle   |
| R    | 20-Feb   | NO CLASS - Movie: Snowball Earth              |                                   |                |
| Т    | 25-Feb   | Cretaceous & Tertiary climate                 | Chapter 6, Chapter 7              | Snowball Earth |
| R    | 27-Feb   | EXAM 1  |                                   |                |
| т    | 3-Mar    | Earth's orbit and the ice ages                | Chapter 8                         |                |
| R    | 5-Mar    | <u>Exercise (SIAL) – Time series analysis</u> |                                   |                |
| т    | 10-Mar   | The Pleistocene and Last Glacial Maximum      | Chapter 10                        |                |
| R    | 12-Mar   | Climate proxies and archives                  | Chapter 13, Chapter 3 p. 55-69    |                |
| т    | 17-Mar   | SPRING BREAK                                  |                                   |                |
| R    | 19-Mar   | SPRING BREAK                                  |                                   |                |
| т    | 24-Mar   | Deglacial history & the Holocene              | Chapter 14, Chapter 15            | Time series    |
| R    | 26-Mar   | <u>Exercise (SIAL) - Ice core data</u>        | Chapter 11 p. 215-218             |                |
| т    | 31-Mar   | NO CLASS - Work on Timeline                   |                                   |                |
| R    | 2-Apr    | NO CLASS - Work on Timeline                   |                                   |                |
| т    | 7-Apr    | The last 2000 years                           | Chapter 17, Chapter 19            |                |
| R    | 9-Apr    | EXAM 2  |                                   |                |
| т    | 14-Apr   | Greenhouse gases                              | Chapter 20                        | Ice cores      |
| R    | 16-Apr   | Exercise (SIAL) - Climate Models              | Chapter 3 p. 69-74                |                |
| т    | 21-Apr   | Greenhouse gases cont'd.                      | Chapter 20                        |                |
| R    | 23-Apr   | Modern climate - what is normal?              | Chapter 20                        |                |

| Date |        | Class Topic                            | Reading Due                | Assignment Due |
|------|--------|--|----------------------------|----------------|
| т    | 28-Apr | The IPCC and future scenarios          | Chapter 21, IPCC – Summary |                |
| R    | 30-Apr | Exercise - Wisconsin's Climate & WICCI |                            | Climate Models |
|      |        |  |                            |                |
| Т    | 5-May  | Timeline                               |                            | Timeline       |
| R    | 7-May  | Timeline                               |                            | Timeline       |
| т    | 12-May | FINAL EXAM 8:00 - 10:00 AM             |                            | WICCI          |
