**Modality of Course:** This will be an in-person lecture/discussion type course. I welcome and want questions relating to the material.

**Course Description:** Per the course catalogue, "*Linear equations including graphing, exponents, radicals, function notation, and quadratic equations.*"

**Required Text:** Elementary and Intermediate Algebra 5th edition, ISBN 978-111-56768-2

**Calculator:** No calculators of any kind with the exception of a basic 4 function or scientific calculator allowed on the final. No graphing calculators allowed. No devices that can communicate via Bluetooth, Wi-Fi, other wired/unwired connection including watches or earbuds.

**Grading:**

- Attendance 5%
- Homework 25%
- Quizzes 25%
- Tests 25%
- Final 25%

Course Grades at or above	93.3	90	86.7	83.3	80	76.7	73.3	70	66.7	64	60	%
will have at least a grade	A	A-	B+	B	B-	C+	C	C-	D+	D	D-	

I reserve the right to exercise discretion in raising a student's grade if the final weighted average does not appear to reflect the quality of a student's work (for example, because of low performance one week due to illness). I will not use discretionary judgments to lower a student's final grade.

**Incompletes:** A grade of incomplete may be given when circumstances arise which are beyond the student's control, and which result in the student being unable to complete the course. A grade of incomplete will only be used if the student is passing when the circumstances arise.

**Suggestions for Success:**

- Behave appropriately and be responsible for yourself and your own learning; and treat this course as you would a job.
- Read the textbook, and review examples/online resources

- Develop effective study skills; plan, organize and schedule
- Attend class, and engage your brain
- Do the homework and other assigned work
- Communicate effectively, and ask questions.
- Utilize all the things you can offered by UWSP or online for free
- Ask you classmates and help your classmates when asked.

**Attendance Policy:** Attendance is expected at every class meeting when you are well, but we are all expected to take extra care to not spread germs. If you have a fever or symptoms such as coughing or sneezing, please stay home and email me as soon as you realize that you will not be in class. It is the student's responsibility to make prompt arrangements for finding out what was missed and for making up any assigned work in the case of an absence, but I am very willing to work with you to find solutions. Canvas is also a great resource at these times. If you miss class, check there first for things you need to know. Quizzes and exams may only be made up in special circumstances, and normally only if arranged with me ahead of time. If a medical emergency occurs, contact the Dean of Students or the Disability Resource Center as soon as possible (\*contact info. below\*). Then we can see if an exception is in order.

We will all be checking the university's COVID website as it is updated throughout the semester:  
<https://www.uwsp.edu/coronavirus/Pages/default.aspx> .

**Inclusivity Statement:** It is my intent that all students from diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity brought by everyone in this class be viewed as a resource, strength, and benefit. It is my intent to present materials and activities that are respectful of diversity. I encourage you to make suggestions to this end. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

If you have experienced a bias incident (an act of conduct, speech, or expression to which a bias motive is evident as a contributing factor regardless of whether the act is criminal) at UWSP, you have the right to report it using this link. You may also contact the Dean of Students office directly at [dos@uwsp.edu](mailto:dos@uwsp.edu).
