Grading - Your final grade will be based on:

- Classroom Participation – 3%
- Homework Quizzes – 12%
- Laboratory Experiments – 15%
- Midterm Exams (3) – 15% each
- Comprehensive Final Exam – 25%

The grading scale is as follows:

$93\% \leq A$	$80\% \leq B- < 83\%$	$67\% \leq D+ < 60\%$
$90\% \leq A- < 93\%$	$77\% \leq C+ < 80\%$	$60\% \leq D < 67\%$
$87\% \leq B+ < 90\%$	$73\% \leq C < 77\%$	$F < 60\%$
$83\% \leq B < 87\%$	$70\% \leq C- < 73\%$	

Homework - Homework problems will be distributed at the beginning of the semester. Approximately 18-20 homework problems will be assigned each week. To encourage you to do your homework, a weekly homework quiz will be given during each discussion section.

Exams - There will be three mid-term exams in addition to a comprehensive final exam. The mid-term exams are 1 hour, online, exams tests.

Final Exam - The final exam is scheduled for December 14th. This will be a two-hour, comprehensive final exam. You must pass the final exam to pass the course.

CLASSROOM CONDUCT

To make the classroom environment more conducive to learning the following list of rules will be enforced in all lectures and labs.

Talking - Questions for the instructor are always encouraged. In lecture, asking a neighbor a quick question to clarify a point made in class is acceptable, conversations unrelated to the course material are not. In lab (and in some peer activities in lecture) discussions are encouraged, but please try to stay on-topic as a courtesy to your lab partners and neighbors.

Eating/Drinking - Small snacks and drinks will be initially allowed in the classroom. Large meals (subs, burgers, pizza, etc..) are not permitted. Each student is responsible cleaning any mess they may make. If abused, this privilege will be revoked.

Cell phones - The use of cell phones is not permitted in class. This includes talking, texting, surfing, blogging, and twittering. If you require an exception to this cell phone ban (volunteer firefighter, expecting a birth, undercover CIA operative, etc...) you must let me know before the start of class. If you forget to turn off your cellphone and it rings in class, you are expected to turn it off at that time. If it rings again during the same class you will be asked to leave for the duration of that class.

MISCELLANEOUS ITEMS

Additional Resources - There are additional resources available outside of the classroom that everyone can access if they desire additional help.

- Please feel free to stop in my office with any questions you may have.
- If you believe that your textbook isn't clear on a certain topic, try reading how that topic is presented in a textbook written by another author. Alternative textbooks are available in the physics study area (Room 384).

- While physics tutoring is not typically offered, students can receive math tutoring.

Academic Misconduct - It is each student's responsibility to know the University of Wisconsin System's policy on Academic Misconduct. Any cheating will invoke disciplinary action. You can download and review the policy from the following website:
