COURSE DESCRIPTION AND OBJECTIVES

The purpose of this course is to expand students' knowledge on the social problem of family violence primarily in US society although some examination of the global nature of violence against women is included. Using an historical perspective, the emergence of family violence as a social problem is examined, with the aim of incorporating the historical context as a necessarily ingredient for understanding to the contemporary problem. Emphasis is placed on the fact that although family violence has been defined in recent decades as a public, social, and political problem to be solved, many cultural norms, attitudes, and institutions continue to legitimate and to provide rationalization for the use of violence among family members/intimate partners. Thus, there is exist simultaneously force that perpetuate violence and force that facilitate social change toward the elimination of violence. The importance of social science theory and research is emphasized, with the focus on understanding current family violence debates.

Course Learning Outcomes

Upon successful completion of this course, students will be able to:

Assignments/Presentation

Critical Thinking Module and Quiz (5%)

This course is part of the critical thinking and learning initiative at UWSP. Students will recognize critical thinking as a process of identifying, analyzing, evaluation, and constructing reasoning in deciding what conclusions to draw (argumentation) or actions to take (decision-making and problem solving). Students will complete the critical thinking lesson module and a quiz to assess students' ability to think critically. Critical Thinking Module can be found in Canvas under Table of Contents.

Research Ethics and Compliance Training and Certificate (10%)

This course will provide students with Institutional Review Board training and after completion each student will receive a 3- year certificate. The training will be provided from CITI Program and a workshop will be provided on the first day of class. https://www.uwsp.edu/acadaff/orsp/Pages/IRB-Training.aspx

Reading Reflection Papers (25%, 5% each)

Five reading reflection responses (2-pages) submitted on Canvas. These readings are from three articles and an eBook posted on Canvas. Students will need to complete the three article reading reflections (RR 1, RR 2, RR 3), and pick any two chapters from Linder's eBook (RR Linder Pick). Students will need to have the readings done prior to class for discussions. Each reading needs to include:

- 1. Brief summary of the reading
- 2. Self-reflection
- 3. References (if any)

Make-Up Assignments

Only proper documentation can be accepted as justification for make-up assignments (without late penalty), such as a doctor/coach/supervisor's note, a subpoena, etc. A simple self-narration of an emergency or a special occasion whether in oral or written forms, cannot be accepted as proper documentation and thus will not justify a make-up assignment. Late work will start from 50% of the grade.

Class Participation

Students are encouraged to participate in class. In addition to the in-class assignments, very often students are presented with discussion topics or other opportunities to contribute to the class, which is designed to help students connect what they have learned in the classroom and their lives as members of various communities. I value class discussion and interactive learning, and expect students to be actively involved in the learning process.

Use of Technology

Any form of audio or video recording in the classroom is strictly prohibited. If a student has a legitimate need to record the instructor's lecture in audio or video format, then the student shall obtain the pertinent accommodation authorization AND the instructor's permission beforehand.

Classroom Etiquette

The classroom is a learning environment and community, and as such, it is expected that students do their best to minimize disruptions that can distract from their learning and that of their peers. Students are expected to come to class on time and not to leave except in the case of emergency situations. The instructor reserves the right to request a student to leave the classroom or have the security personnel remove the student from the classroom if the student behaves in a way that interferes with the academic or administrative functions of the class.

Academic Integrity

Academic integrity is central to the mission of this institution. Academic dishonesty in any form will not be tolerated and will receive disciplinary sanctions per the UWSP policies. The UWSP policies regarding student academic standards and disciplinary procedures can be found here: http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/SRR-2010/rightsChap14.pdf. If I observe academic misconduct, or if suspicions of academic dishonesty are reported to me, I will request that the identified parties come to my office to discuss the situation, and then the procedures set out in UWS/UWSP Chapter 14 will be followed. Students can visit the UWSP Tutoring-Learning Center https://www.uwsp.edu/tlc/Pages/writingReadingTutorials.aspx and the Purdue Online Writing Lab for further resources: https://www.uwsp.edu/tlc/Pages/writingReadingTutorials.aspx and the Purdue Online Writing Lab for further resources: https://www.uwsp.edu/tlc/Pages/writingReadingTutorials.aspx and the Purdue Online Writing Lab for

Diversity and Inclusion

UWSP supports an inclusive learning environment where diversity and individual differences are understood, respected, and appreciated. These differences include race/ethnicity, gender, class, political view, religion, color, national origin, sexual orientation, disability, age, marital or family status, as well as personality, learning styles, and life experiences. We expect that students, faculty, administrators, and staff will respect differences and demonstrate diligence in understanding how other peoples' perspectives, behaviors, experiences, and worldviews may be different from their own.

Disability Support Services

The Americans with Disabilities Act (ADA) requires educational institutions to provide reasonable accommodations for students with disabilities. For more information about UWSP policies, go http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/ADA/rightsADAPolicyinfo.pdf. If you have a disability and require classroom and/or exam accommodations, please register with the Disability and Assistive Technology Center and then contact me at the beginning of the course. For more information, please visit the Disability and Assistive Technology Center, located on the 6th floor of the Learning Resource Center (the Library). Helpful Guidelines for Research Paper

The following are guidelines for the preparation of your presentation in research paper assignment in this course. As guidelines, they may be negotiated or modified to suit your needs or purpose in completing the assignments. You will need to use facts, figures, quotes, etc, but organize them around the research topic/theme or framework to organize your paper. You may select a current controversy or topic specific to a form of family violence (see below for suggestions), and then place it in the context of a sociological inquiry into family violence. You may pose a particular question (see below) and then explore various viewpoints of expert in researchers. The main point is to focus your work around a theme that interest you. Some suggestions for presentation and research papers (the following maybe applied to child abuse elder abuse or intimate partner abuse or family violence in general):

- 1. Is there an intergenerational cycle of violence?
- 2. What does the research tell us about effective treatment for those who abuse?
- 3. Special populations and family violence cultural ethnic groups rule communities immigrants people with disabilities gay and lesbian trans relationships
- 4. Is the "Stockholm Syndrome" and appropriate metaphor for victims of them and violence
- 5. Why is it difficult for some victims of family violence to leave the abusive relationship?
- 6. How has the concept of the battered woman syndrome change in the past 20 years
- 7. Protective orders mandatory arrest policies or other aspect of criminal justice response to family violence
- 8. Past history of abuse as a legal defense.
- 9. Religion and family violence.
- 10. Parenting styles
- 11. Family violence and medical care.
- 12. Historical and or cross cultural perspective on family violence.
- 13. Current controversies among family violence experts regarding theory research or treatment.
- 14. Media representation of family violence
- 15. Reproductive interference as a form of IPV
- 16. Human trafficking/modern slavery
