

**Peter Shep :**

- **BSc: Bachelor Science: Freshwater Ecology and Marine Biology, UW – Whitewater, 2015**
- **MSc: Freshwater Technologies: Yellow perch propagation and nutrition UW Milwaukee SFS, 2020. Deng lab**
- **Currently: In progress PhD, Yellow perch nutrition all life stages and propagation UW Milwaukee SFS. Deng lab**

**2021: Covid Project becomes a business**

**- MULBERRY AQUAPONICS LLC**

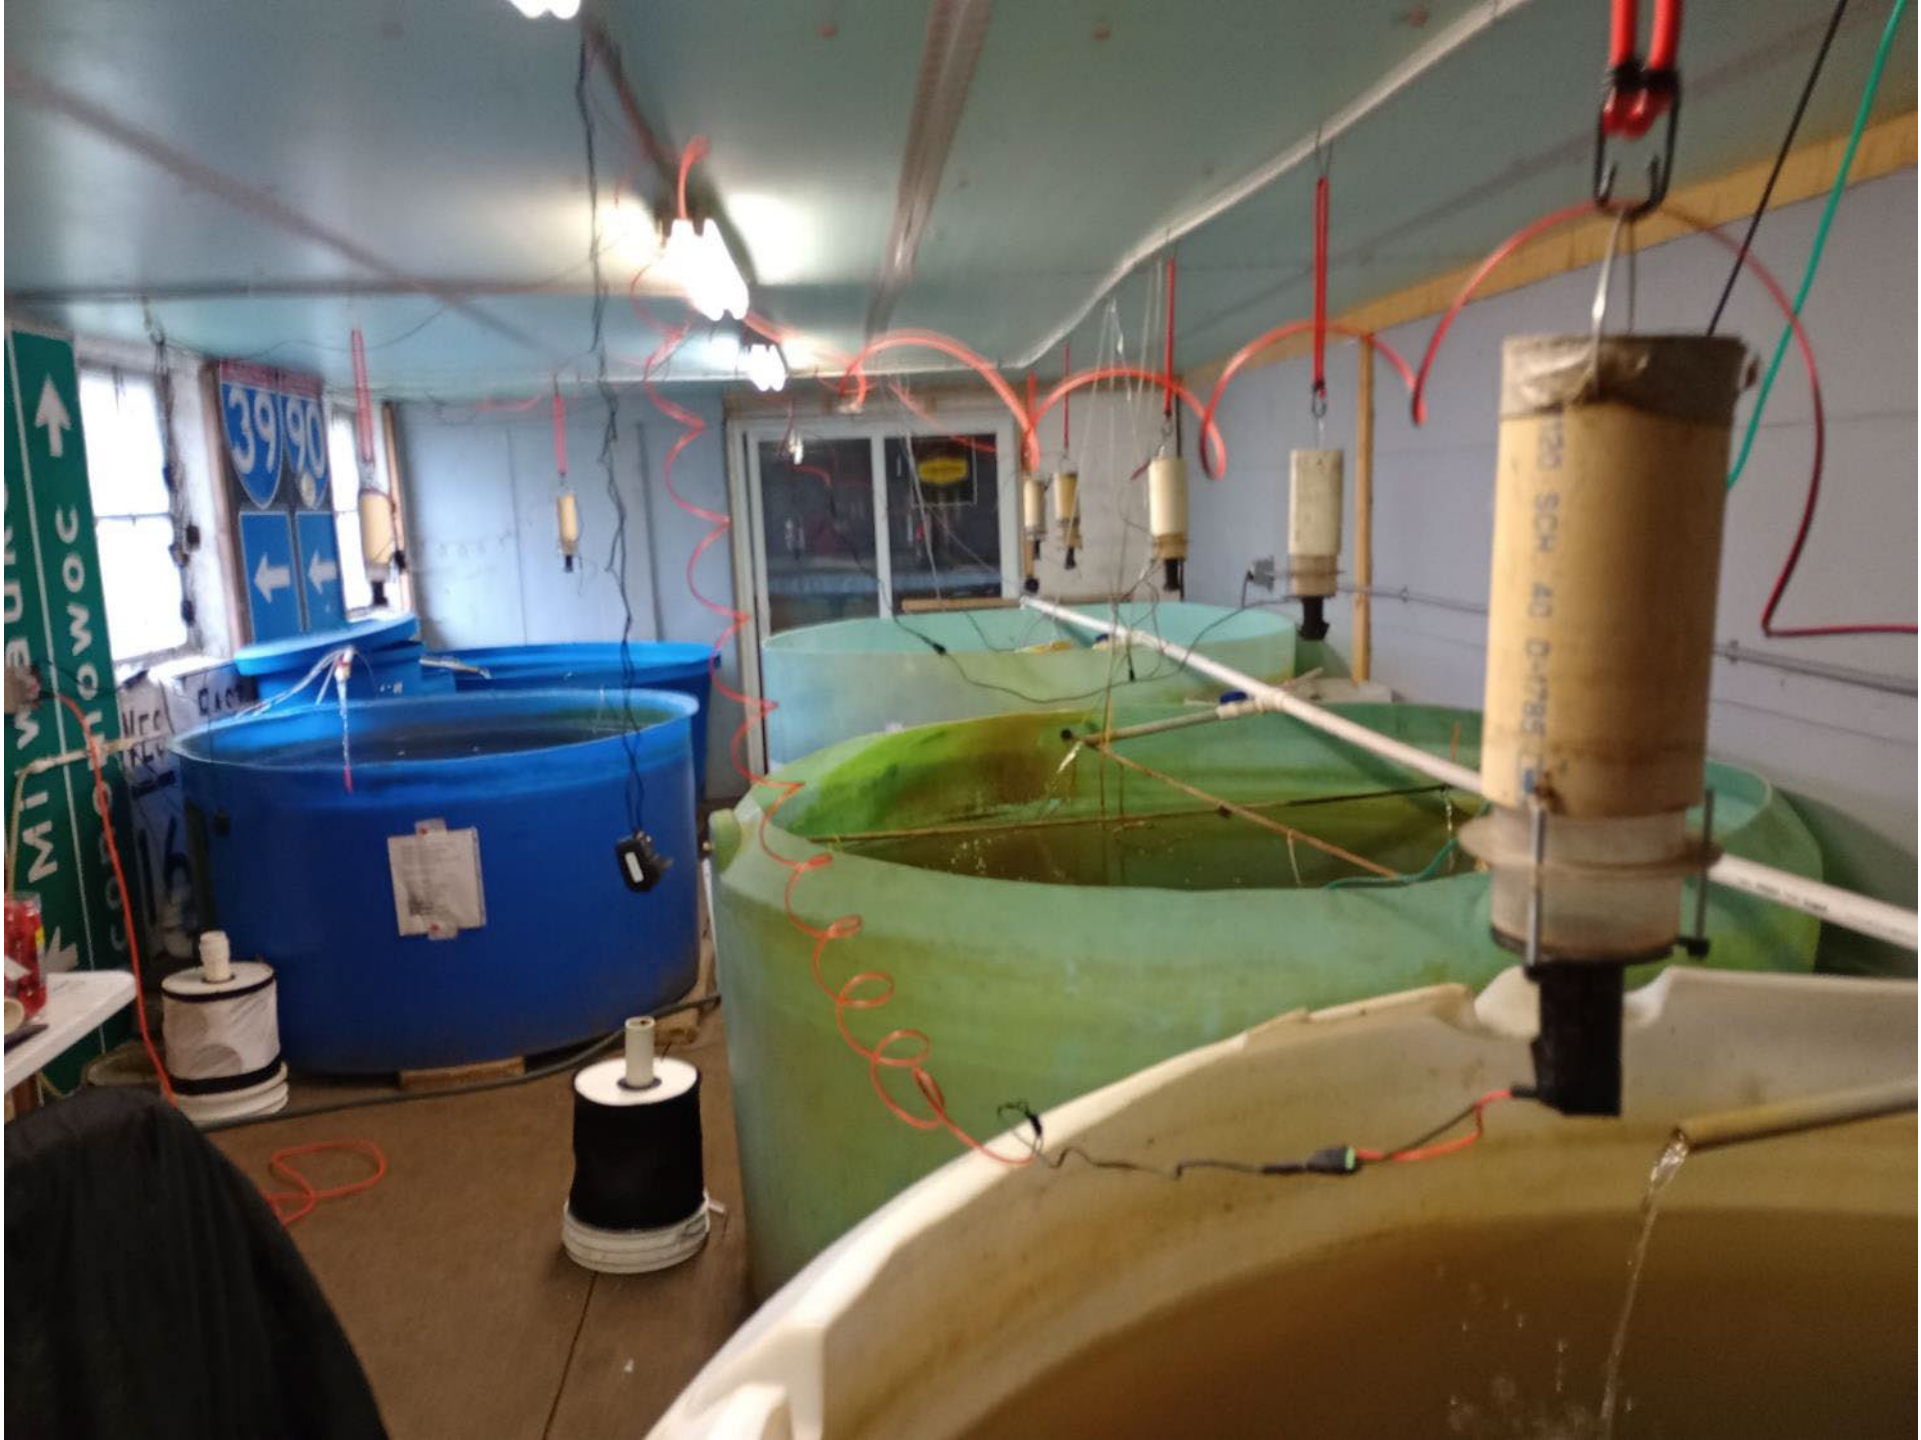

**Owner: James Hougan and Peter Shep**

# **2022 - Consulting for Northey Farms LLC in Deerfield Wisconsin**

- Aim to combine strengths of both tank and pond aquaculture for yellow perch
- Trouble shoot “real world” problems that may occur.
- Refine and export the process.

**MANY MORE TECHNICAL  
CHALLENGES IN REAL  
WORLD COMPARED TO  
UNIVERSITY**

**August 2024: Return to UWM – School of Freshwater Sciences to finish Ph.D in yellow perch aquaculture nutrition**

**- Help keep industry up to date with research.**

## **Research for the industry:**

- **Fingerling nutrition with domestic and sustainable feed ingredients**
- **Forming better standard practice for feeding yellow perch**
- **Working on various formulations for different life stages of yellow perch.**
