# SUMMER BRIDGE FIRST-YEAR EXPERIENCE

First-year Fostering Success students are eligible and encouraged to apply to the LEAD Program!

## PROGRAM HIGHLIGHTS

UWSP offers a summer bridge, first-year experience program called Leadership, Empowerment and Discovery (LEAD). The LEAD Program is for undergraduate first-year students designed to help students transition from high school to college focusing on building a sense of belonging to promote student success.

Program participants will gain a built-in network of support system as they navigate their university experience to promote their personal, social, and academic well-being. These include:

- Campus Resources
- Student Success Skills
- Academic and Career Advising
- Development of Future Campus Leaders

## ACADEMIC YEAR PROGRAMMING

- 1 One-Week Transition Program Experience:** Participants get to move into their residence hall one week early to help them transition from high school to college.
- 2 Peer Mentor:** Each student will be matched with an undergraduate peer mentor, who is a sophomore - senior level. They will meet their peer mentor during the one-week transition program prior to fall semester and continue throughout their first-year experience.
- 3 Student Experience and Transformation (SET) Success Coach:** Participants will also be assigned to one of the student services coordinators, who will serve as their SET Success Coach. The SET Success Coach will connect these students to on- and off campus resources to support their transition to college, and provide them with additional support for their personal, academic, and professional development.
- 4 Monthly Social and Community Engagement:** Planned social and engagement activities throughout their first-year experience.
- 5 Student Engagement:** In addition, SET also has centers for student engagement activities, which include the Multicultural Resource Center (MRC), Native American Center (NAC), Queer Resource Center (QRC), and the Student Success Center. The centers also offer educational, social, and community engagement programs/events throughout the academic year.
- 6 Participant Cost:** FREE
